TITLE 7--AGRICULTURE

CHAPTER 26--AGRICULTURAL ADJUSTMENT

SUBCHAPTER III--COMMODITY BENEFITS

Sec. 608c. Orders

(1) Issuance by Secretary

The Secretary of Agriculture shall, subject to the provisions of this section, issue, and from time to time amend, orders applicable to processors, associations of producers, and others engaged in the handling of any agricultural commodity or product thereof specified in subsection (2) of this section. Such persons are referred to in this chapter as "handlers". Such orders shall regulate, in the manner hereinafter in this section provided, only such handling of such agricultural commodity, or product thereof, as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects, interstate or foreign commerce in such commodity or product thereof. In carrying out this section, the Secretary shall complete all informal rulemaking actions necessary to respond to recommendations submitted by administrative committees for such orders as expeditiously as possible, but not more than 45 days (to the extent practicable) after submission of the committee recommendations. The Secretary is authorized to implement a producer allotment program and a handler withholding program under the cranberry marketing order in the same crop year through informal rulemaking based on a recommendation and supporting economic analysis submitted by the Cranberry Marketing Committee. Such recommendation and analysis shall be submitted by the Committee no later than March 1 of each year. The Secretary shall establish time frames for each office and agency within the Department of Agriculture to consider the committee recommendations.

(2) Commodities to which applicable

Orders issued pursuant to this section shall be applicable only to (A) the following agricultural commodities and the products thereof (except canned or frozen pears, grapefruit, cherries, apples, or cranberries, the products of naval stores, and the products of honeybees), or to any regional, or market classification of any such commodity or product: Milk, fruits (including filberts, almonds, pecans and walnuts but not including apples, other than apples produced in the States of Washington, Oregon, Idaho, New York, Michigan, Maryland, New Jersey, Indiana, California, Maine, Vermont, New Hampshire, Rhode Island, Massachusetts, Connecticut, Colorado, Utah, New Mexico, Illinois, and Ohio, and not including fruits for canning or freezing other than peaches, plums, pears, grapefruit, cherries, canebERRIES (including raspberries, blackberries, and Loganberries), cranberries, and apples produced in the States named above except Washington, Oregon, and Idaho), tobacco, vegetables (not including vegetables, other than asparagus, for canning or freezing and not including potatoes for...
canning, freezing, or other processing), hops, honeybees and naval stores as included in the Naval Stores Act [7 U.S.C. 91 et seq.] and standards established thereunder (including refined or partially refined oleoresin): Provided, That no order issued pursuant to this section shall be effective as to any grapefruit for canning or freezing unless the Secretary of Agriculture determines, in addition to other findings and determinations required by this chapter, that the issuance of such order is approved or favored by the processors who, during a representative period determined by the Secretary, have been engaged in canning or freezing such commodity for market and have canned or frozen for market more than 50 per centum of the total volume of such commodity canned or frozen for market during such representative period; and (B) any agricultural commodity (except honey, cotton, rice, wheat, corn, grain sorghums, oats, barley, rye, sugarcane, sugarbeets, wool, mohair, livestock, soybeans, cottonseed, flaxseed, poultry (but not excepting turkeys and not excepting poultry which produce commercial eggs), fruits and vegetables for canning or freezing, including potatoes for canning, freezing, or other processing \1\ and apples), or any regional or market classification thereof, not subject to orders under (A) of this subdivision, but not the products (including canned or frozen commodities or products) thereof. No order issued pursuant to this section shall be effective as to cherries, apples, or cranberries for canning or freezing unless the Secretary of Agriculture determines, in addition to other required findings and determinations, that the issuance of such order is approved or favored by processors who, during a representative period determined by the Secretary, have engaged in canning or freezing such commodity for market and have frozen or canned more than 50 per centum of the total volume of the commodity to be regulated which was canned or frozen within the production area, or marketed within the marketing area, defined in such order, during such representative period. No order issued pursuant to this section shall be applicable to peanuts produced in more than one of the following production areas: the Virginia-Carolina production area, the Southeast production area, and the Southwest production area. If the Secretary determines that the declared policy of this chapter will be better achieved thereby (i) the commodities of the same general class and used wholly or in part for the same purposes may be combined and treated as a single commodity and (ii) the portion of an agricultural commodity devoted to or marketed for a particular use or combination of uses, may be treated as a separate agricultural commodity. All agricultural commodities and products covered hereby shall be deemed specified herein for the purposes of subsections (6) and (7) of this section.

\1\ So in original. Probably should be followed by a comma.

(3) Notice and hearing

Whenever the Secretary of Agriculture has reason to believe that the issuance of an order will tend to effectuate the declared policy of this chapter with respect to any commodity or product thereof specified in subsection (2) of this section, he shall give due notice of and an opportunity for a hearing upon a proposed order.

(4) Finding and issuance of order

After such notice and opportunity for hearing, the Secretary of Agriculture shall issue an order if he finds, and sets forth in such order, upon the evidence introduced at such hearing (in addition to such other findings as may be specifically required by this section) that the
issuance of such order and all of the terms and conditions thereof will tend to effectuate the declared policy of this chapter with respect to such commodity.

(5) Terms—Milk and its products

In the case of milk and its products, orders issued pursuant to this section shall contain one or more of the following terms and conditions, and (except as provided in subsection (7) of this section) no others:

(A) Classifying milk in accordance with the form in which or the purpose for which it is used, and fixing, or providing a method for fixing, minimum prices for each such use classification which all handlers shall pay, and the time when payments shall be made, for milk purchased from producers or associations of producers. Such prices shall be uniform as to all handlers, subject only to adjustments for (1) volume, market, and production differentials customarily applied by the handlers subject to such order, (2) the grade or quality of the milk purchased, and (3) the locations at which delivery of such milk, or any use classification thereof, is made to such handlers. Throughout the 2-year period beginning on the effective date of this sentence (and subsequent to such 2-year period unless modified by amendment to the order involved), the minimum aggregate amount of the adjustments, under clauses (1) and (2) of the preceding sentence, to prices for milk of the highest use classification under orders that are in effect under this section on December 23, 1985, shall be as follows:

Effective at the beginning of such two-year period, the minimum prices for milk of the highest use classification shall be adjusted for the locations at which delivery of such milk is made to such handlers.  
(B) Providing:
   (i) for the payment to all producers and associations of producers delivering milk to the same handler of uniform prices for all milk delivered by them: Provided, That, except in the case of orders covering milk products only, such provision is approved or favored by at least three-fourths of the producers who, during a representative period determined by the Secretary of Agriculture, have been engaged in the production for market of milk covered in such order or by producers who, during such representative period, have produced at least three-fourths of the volume of such milk produced for market during such period; the approval required hereunder shall be separate and apart from any other approval or disapproval provided for by this section; or
   (ii) for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered;

subject, in either case, only to adjustments for (a) volume, market, and production differentials customarily applied by the handlers subject to such order, (b) the grade or quality of the milk delivered, (c) the locations at which delivery of such milk is made, and (d) a further adjustment, equitably to apportion the total value of the milk purchased by any handler, or by all handlers, among producers and associations of producers, on the basis of their marketings of milk during a representative period of time.,\2\ [(e) omitted] and (f) a further adjustment, equitably to apportion the total value of milk purchased by any handler or by all handlers among producers on the basis of the milk components contained in their marketings of milk \3\  
\2\ So in original.  
\3\ So in original. Probably should be followed by a period.

(C) In order to accomplish the purposes set forth in paragraphs (A) and (B) of this subsection, providing a method for making adjustments in payments, as among handlers (including producers who are also handlers), to the end that the total sums paid by each handler shall equal the value of the milk purchased by him at the prices fixed in accordance with paragraph (A) of this subsection.  
(D) Providing that, in the case of all milk purchased by handlers from any producer who did not regularly sell milk during a period of 30
days next preceding the effective date of such order for consumption in
the area covered thereby, payments to such producer, for the period
beginning with the first regular delivery by such producer and
continuing until the end of two full calendar months following the first
day of the next succeeding calendar month, shall be made at the price
for the lowest use classification specified in such order, subject to
the adjustments specified in paragraph (B) of this subsection.

(E) Providing (i) except as to producers for whom such services are
being rendered by a cooperative marketing association, qualified as
provided in paragraph (F) of this subsection, for market information to
producers and for the verification of weights, sampling, and testing of
milk purchased from producers, and for making appropriate deductions
therefor from payments to producers, and (ii) for assurance of, and
security for, the payment by handlers for milk purchased.

(F) Nothing contained in this subsection is intended or shall be
construed to prevent a cooperative marketing association qualified under
the provisions of sections 291 and 292 of this title, engaged in making
collective sales or marketing of milk or its products for the producers
thereof, from blending the net proceeds of all of its sales in all
markets in all use classifications, and making distribution thereof to
its producers in accordance with the contract between the association
and its producers: Provided, That it shall not sell milk or its products
to any handler for use or consumption in any market at prices less than
the prices fixed pursuant to paragraph (A) of this subsection for such
milk.

(G) No marketing agreement or order applicable to milk and its
products in any marketing area shall prohibit or in any manner limit, in
the case of the products of milk, the marketing in that area of any milk
or product thereof produced in any production area in the United States.

(H) Omitted

(I) Establishing or providing for the establishment of research and
development projects, and advertising (excluding brand advertising),
sales promotion, educational, and other programs designed to improve or
promote the domestic marketing and consumption of milk and its products,
to be financed by producers in a manner and at a rate specified in the
order, on all producer milk under the order. Producer contributions
under this subparagraph \(4\) may be deducted from funds due producers in
computing total pool value or otherwise computing total funds due
producers and such deductions shall be in addition to the adjustments
authorized by paragraph (B) of this subsection. Provision may be made in
the order to exempt, or allow suitable adjustments or credits in
connection with, milk on which a mandatory checkoff for advertising or
marketing research is required under the authority of any State law.
Such funds shall be paid to an agency organized by milk producers and
producers' cooperative associations in such form and with such methods
of operation as shall be specified in the order. Such agency may expend
such funds for any of the purposes authorized by this subparagraph \(4\)
and may designate, employ, and allocate funds to persons and
organizations engaged in such programs which meet the standards and
qualifications specified in the order. All funds collected under this
subparagraph \(4\) shall be separately accounted for and shall be used
only for the purposes for which they were collected. Programs authorized
by this subparagraph \(4\) may be either local or national in scope, or
both, as provided in the order, but shall not be international. Order
provisions under this subparagraph \(4\) shall not become effective in any
marketing order unless such provisions are approved by producers
separately from other order provisions, in the same manner provided for
the approval of marketing orders, and may be terminated separately
whenever the Secretary makes a determination with respect to such
provisions as is provided for the termination of an order in subsection
(16)(B) of this section. Disapproval or termination of such order provisions shall not be considered disapproval of the order or of other terms of the order. Notwithstanding any other provision of this chapter, any producer against whose marketings any assessment is withheld or collected under the authority of this subparagraph, \(\text{\textbackslash 4}\) and who is not in favor of supporting the research and promotion programs, as provided for herein, shall have the right to demand and receive a refund of such assessment pursuant to the terms and conditions specified in the order.

\(\text{\textbackslash 4}\) So in original. Probably should be `paragraph'.

(J) Providing for the payment, from the total sums payable by all handlers for milk (irrespective of the use classification of such milk) and before computing uniform prices under paragraph (A) and making adjustments in payments under paragraph (C), to handlers that are cooperative marketing associations described in paragraph (F) and to handlers with respect to which adjustments in payments are made under paragraph (C), for services of marketwide benefit, including but not limited to--

(i) providing facilities to furnish additional supplies of milk needed by handlers and to handle and dispose of milk supplies in excess of quantities needed by handlers;

(ii) handling on specific days quantities of milk that exceed the quantities needed by handlers; and

(iii) transporting milk from one location to another for the purpose of fulfilling requirements for milk of a higher use classification or for providing a market outlet for milk of any use classification.

(K)(i) Notwithstanding any other provision of law, milk produced by dairies--

(I) owned or controlled by foreign persons; and

(II) financed by or with the use of bonds the interest on which is exempt from Federal income tax under section 103 of title 26;

shall be treated as other-source milk, and shall be allocated as milk received from producer-handlers for the purposes of classifying producer milk, under the milk marketing program established under this chapter. For the purposes of this subparagraph, \(\text{\textbackslash 4}\) the term `foreign person' has the meaning given such term under section 3508(3) of this title.

(ii) The Secretary of Agriculture shall prescribe regulations to carry out this subparagraph. \(\text{\textbackslash 4}\)

(iii) This subparagraph \(\text{\textbackslash 4}\) shall not apply with respect to any dairy that began operation before May 6, 1986.

(L) Providing that adjustments in payments by handlers under paragraph (A) need not be the same as adjustments to producers under paragraph (B) with regard to adjustments authorized by subparagraphs (2) and (3) of paragraph (A) and clauses (b), (c), and (d) of paragraph (B)(ii).

(6) Terms--Other commodities

In the case of the agricultural commodities and the products thereof, other than milk and its products, specified in subsection (2) of this section orders issued pursuant to this section shall contain one or more of the following terms and conditions, and (except as provided in subsection (7) of this section), no others:

(A) Limiting, or providing methods for the limitation of, the total quantity of any such commodity or product, or of any grade, size, or quality thereof, produced during any specified period or periods, which
may be marketed in or transported to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, during any specified period or periods by all handlers thereof.

(B) Allotting, or providing methods for allotting, the amount of such commodity or product, or any grade, size, or quality thereof, which each handler may purchase from or handle on behalf of any and all producers thereof, during any specified period or periods, under a uniform rule based upon the amounts sold by such producers in such prior period as the Secretary determines to be representative, or upon the current quantities available for sale by such producers, or both, to the end that the total quantity thereof to be purchased, or handled during any specified period or periods shall be apportioned equitably among producers.

(C) Allotting, or providing methods for allotting, the amount of any such commodity or product, or any grade, size, or quality thereof, which each handler may market in or transport to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, under a uniform rule based upon the amounts which each such handler has available for current shipment, or upon the amounts shipped by each such handler in such prior period as the Secretary determines to be representative, or both, to the end that the total quantity of such commodity or product, or any grade, size, or quality thereof, to be marketed in or transported to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, during any specified period or periods shall be equitably apportioned among all of the handlers thereof.

(D) Determining, or providing methods for determining, the existence and extent of the surplus of any such commodity or product, or of any grade, size, or quality thereof, and providing for the control and disposition of such surplus, and for equalizing the burden of such surplus elimination or control among the producers and handlers thereof.

(E) Establishing or providing for the establishment of reserve pools of any such commodity or product, or of any grade, size, or quality thereof, and providing for the equitable distribution of the net return derived from the sale thereof among the persons beneficially interested therein.

(F) Requiring or providing for the requirement of inspection of any such commodity or product produced during specified periods and marketed by handlers.

(G) In the case of hops and their products in addition to, or in lieu of, the foregoing terms and conditions, orders may contain one or more of the following:

(i) Limiting, or providing methods for the limitation of, the total quantity thereof, or of any grade, type, or variety thereof, produced during any specified period or periods, which all handlers may handle in the current of or so as directly to burden, obstruct, or affect interstate or foreign commerce in hops or any product thereof.

(ii) Apportioning, or providing methods for apportioning, the total quantity of hops of the production of the then current calendar year permitted to be handled equitably among all producers in the production area to which the order applies upon the basis of one or more or a combination of the following: The total quantity of hops available or estimated will become available for market by each producer from his production during such period; the normal production of the acreage of hops operated by each producer during such period upon the basis of the number of acres of hops in
production, and the average yield of that acreage during such period
as the Secretary determines to be representative, with adjustments
determined by the Secretary to be proper for age of plantings or
abnormal conditions affecting yield; such normal production or
historical record of any acreage for which data as to yield of hops
are not available or which had no yield during such period shall be
determined by the Secretary on the basis of the yields of other
acreage of hops of similar characteristics as to productivity,
subject to adjustment as just provided for.

(iii) Allotting, or providing methods for allotting, the
quantity of hops which any handler may handle so that the allotment
fixed for that handler shall be limited to the quantity of hops
apportioned under preceding section \5\ (ii) to each respective
producer of hops; such allotment shall constitute an allotment fixed
for that handler within the meaning of subsection (5) of section
608a of this title.

\5\ So in original. Probably should be `clause'.

(H) providing \6\ a method for fixing the size, capacity, weight,
dimensions, or pack of the container, or containers, which may be used
in the packaging, transportation, sale, shipment, or handling of any
fresh or dried fruits, vegetables, or tree nuts: Provided, however, That
no action taken hereunder shall conflict with the Standard Containers

production research, marketing research and development projects
designed to assist, improve, or promote the marketing, distribution, and
consumption or efficient production of any such commodity or product,
the expense of such projects to be paid from funds collected pursuant to
the marketing order: Provided, That with respect to orders applicable to
almonds, filberts (otherwise known as hazelnuts), California-grown
peaches, cherries, papayas, carrots, citrus fruits, onions, Tokay
grapes, pears, dates, plums, nectarines, celery, sweet corn, limes,
olives, pecans, eggs, avocados, apples, raisins, walnuts, tomatoes,

such provisions in any State program covering the same commodity.

\8\ So in original. Probably should be `Florida-grown'.''

(J) In the case of pears for canning or freezing, any order for a
production area encompassing territory within two or more States or
portions thereof shall provide that the grade, size, quality, maturity, and inspection regulation under the order applicable to pears grown within any such State or portion thereof may be recommended to the Secretary by the agency established to administer the order only if a majority of the representatives from that State on such agency concur in the recommendation each year.

(7) Terms common to all orders

In the case of the agricultural commodities and the products thereof specified in subsection (2) of this section orders shall contain one or more of the following terms and conditions:

(A) Prohibiting unfair methods of competition and unfair trade practices in the handling thereof.

(B) Providing that (except for milk and cream to be sold for consumption in fluid form) such commodity or product thereof, or any grade, size, or quality thereof shall be sold by the handlers thereof only at prices filed by such handlers in the manner provided in such order.

(D) Incidental to, and not inconsistent with, the terms and conditions specified in subsections (5), (6), and (7) of this section and necessary to effectuate the other provisions of such order.

(8) Orders with marketing agreement

Except as provided in subsection (9) of this section, no order issued pursuant to this section shall become effective until the handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the commodity or product thereof covered by such order) of not less than 50 per centum of the volume of the commodity or product thereof covered by such order which is produced or marketed within the production or marketing area defined in such order have signed a marketing agreement, entered into pursuant to section 608b of this title, which regulates the handling of such commodity or product in the same manner as such order, except that as to citrus fruits produced in any area producing what is known as California citrus fruits no order issued pursuant to this subsection shall become effective until the handlers of not less than 80 per centum of the volume of such commodity or product thereof covered by such order have signed such a marketing agreement: Provided, That no order issued
pursuant to this subsection shall be effective unless the Secretary of Agriculture determines that the issuance of such order is approved or favored:

(A) By at least two-thirds of the producers who (except that as to citrus fruits produced in any area producing what is known as California citrus fruits said order must be approved or favored by three-fourths of the producers), during a representative period determined by the Secretary, have been engaged, within the production area specified in such marketing agreement or order, in the production for market of the commodity specified therein, or who, during such representative period, have been engaged in the production of such commodity for sale in the marketing area specified in such marketing agreement, or order, or

(B) By producers who, during such representative period, have produced for market at least two-thirds of the volume of such commodity produced for market within the production area specified in such marketing agreement or order, or who, during such representative period, have produced at least two-thirds of the volume of such commodity sold within the marketing area specified in such marketing agreement or order.

(9) Orders with or without marketing agreement

Any order issued pursuant to this section shall become effective in the event that, notwithstanding the refusal or failure of handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the commodity or product thereof covered by such order) of more than 50 per centum of the volume of the commodity or product thereof (except that as to citrus fruits produced in any area producing what is known as California citrus fruits said per centum shall be 80 per centum) covered by such order which is produced or marketed within the production or marketing area defined in such order to sign a marketing agreement relating to such commodity or product thereof, on which a hearing has been held, the Secretary of Agriculture determines:

(A) That the refusal or failure to sign a marketing agreement (upon which a hearing has been held) by the handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the commodity or product thereof covered by such order) of more than 50 per centum of the volume of the commodity or product thereof (except that as to citrus fruits produced in any area producing what is known as California citrus fruits said per centum shall be 80 per centum) specified therein which is produced or marketed within the production or marketing area specified therein tends to prevent the effectuation of the declared policy of this chapter with respect to such commodity or product, and

(B) That the issuance of such order is the only practical means of advancing the interests of the producers of such commodity pursuant to the declared policy, and is approved or favored:

(i) By at least two-thirds of the producers (except that as to citrus fruits produced in any area producing what is known as California citrus fruits said order must be approved or favored by three-fourths of the producers) who, during a representative period determined by the Secretary, have been engaged, within the production area specified in such marketing agreement or order, in the production for market of the commodity specified therein, or who, during such representative period, have been engaged in the production of such commodity for sale in the marketing area specified in such marketing agreement, or order, or

(ii) By producers who, during such representative period, have produced for market at least two-thirds of the volume of such
commodity produced for market within the production area specified in such marketing agreement or order, or who, during such representative period, have produced at least two-thirds of the volume of such commodity sold within the marketing area specified in such marketing agreement or order.

(10) Manner of regulation and applicability

No order shall be issued under this section unless it regulates the handling of the commodity or product covered thereby in the same manner as, and is made applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held. No order shall be issued under this chapter prohibiting, regulating, or restricting the advertising of any commodity or product covered thereby, nor shall any marketing agreement contain any provision prohibiting, regulating, or restricting the advertising of any commodity, or product covered by such marketing agreement.

(11) Regional application

(A) No order shall be issued under this section which is applicable to all production areas or marketing areas, or both, of any commodity or product thereof unless the Secretary finds that the issuance of several orders applicable to the respective regional production areas or regional marketing areas, or both, as the case may be, of the commodity or product would not effectively carry out the declared policy of this chapter.

(B) Except in the case of milk and its products, orders issued under this section shall be limited in their application to the smallest regional production areas or regional marketing areas, or both, as the case may be, which the Secretary finds practicable, consistently with carrying out such declared policy.

(C) All orders issued under this section which are applicable to the same commodity or product thereof shall, so far as practicable, prescribe such different terms, applicable to different production areas and marketing areas, as the Secretary finds necessary to give due recognition to the differences in production and marketing of such commodity or product in such areas.

The price of milk paid by a handler at a plant operating in Clark County, Nevada shall not be subject to any order issued under this section.

(12) Cooperative association representation

Whenever, pursuant to the provisions of this section, the Secretary is required to determine the approval or disapproval of producers with respect to the issuance of any order, or any term or condition thereof, or the termination thereof, the Secretary shall consider the approval or disapproval by any cooperative association of producers, bona fide engaged in marketing the commodity or product thereof covered by such order, or in rendering services for or advancing the interests of the producers of such commodity, as the approval or disapproval of the producers who are members of, stockholders in, or under contract with, such cooperative association of producers.

(13) Retailer and producer exemption

(A) No order issued under subsection (9) of this section shall be
applicable to any person who sells agricultural commodities or products thereof at retail in his capacity as such retailer, except to a retailer in his capacity as a retailer of milk and its products.

(B) No order issued under this chapter shall be applicable to any producer in his capacity as a producer.

(14) Violation of order

(A) Any handler subject to an order issued under this section, or any officer, director, agent, or employee of such handler, who violates any provision of such order shall, on conviction, be fined not less than $50 or more than $5,000 for each such violation, and each day during which such violation continues shall be deemed a separate violation. If the court finds that a petition pursuant to subsection (15) of this section was filed and prosecuted by the defendant in good faith and not for delay, no penalty shall be imposed under this subsection for such violations as occurred between the date upon which the defendant's petition was filed with the Secretary, and the date upon which notice of the Secretary's ruling thereon was given to the defendant in accordance with regulations prescribed pursuant to subsection (15) of this section.

(B) Any handler subject to an order issued under this section, or any officer, director, agent, or employee of such handler, who violates any provision of such order may be assessed a civil penalty by the Secretary not exceeding $1,000 for each such violation. Each day during which such violation continues shall be deemed a separate violation, except that if the Secretary finds that a petition pursuant to paragraph (15) was filed and prosecuted by the handler in good faith and not for delay, no civil penalty may be assessed under this paragraph for such violations as occurred between the date on which the handler's petition was filed with the Secretary, and the date on which notice of the Secretary's ruling thereon was given to the handler in accordance with regulations prescribed pursuant to paragraph (15). The Secretary may issue an order assessing a civil penalty under this paragraph only after notice and an opportunity for an agency hearing on the record. Such order shall be treated as a final order reviewable in the district courts of the United States in any district in which the handler subject to the order is an inhabitant, or has the handler's principal place of business. The validity of such order may not be reviewed in an action to collect such civil penalty.

(15) Petition by handler and review

(A) Any handler subject to an order may file a written petition with the Secretary of Agriculture, stating that any such order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Secretary of Agriculture, with the approval of the President. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(B) The District Courts of the United States in any district in which such handler is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction in equity to review such ruling, provided a bill in equity for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering to him a copy of the bill of complaint. If the court determines that such ruling is not in accordance with law, it shall remand such
proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subsection (15) shall not impede, hinder, or delay the United States or the Secretary of Agriculture from obtaining relief pursuant to section 608a(6) of this title. Any proceedings brought pursuant to section 608a(6) of this title (except where brought by way of counterclaim in proceedings instituted pursuant to this subsection (15)) shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this subsection (15).

(16) Termination of orders and marketing agreements

(A) (i) Except as provided in clause (ii), the Secretary of Agriculture shall, whenever he finds that any order issued under this section, or any provision thereof, obstructs or does not tend to effectuate the declared policy of this chapter, terminate or suspend the operation of such order or such provision thereof.

(ii) The Secretary may not terminate any order issued under this section for a commodity for which there is no Federal program established to support the price of such commodity unless the Secretary gives notice of, and a statement of the reasons relied upon by the Secretary for, the proposed termination of such order to the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives not later than 60 days before the date such order will be terminated.

(B) The Secretary shall terminate any marketing agreement entered into under section 608b of this title, or order issued under this section, at the end of the then current marketing period for such commodity, specified in such marketing agreement or order, whenever he finds that such termination is favored by a majority of the producers who, during a representative period determined by the Secretary, have been engaged in the production for market of the commodity specified in such marketing agreement or order, within the production area specified in such marketing agreement or order, or who, during such representative period, have been engaged in the production of such commodity for sale within the marketing area specified in such marketing agreement or order: Provided, That such majority have, during such representative period, produced for market more than 50 per centum of the volume of such commodity produced for market within the production area specified in such marketing agreement or order, or have, during such representative period, produced more than 50 per centum of the volume of such commodity sold in the marketing area specified in such marketing agreement or order, but such termination shall be effective only if announced on or before such date (prior to the end of the then current marketing period) as may be specified in such marketing agreement or order.

(C) Except as otherwise provided in this subsection with respect to the termination of an order issued under this section, the termination or suspension of any order or amendment thereto or provision thereof, shall not be considered an order within the meaning of this section.

(17) Provisions applicable to amendments

The provisions of this section, section 608d of this title, applicable to orders shall be applicable to amendments to orders: Provided, That notice of a hearing upon a proposed amendment to any order issued pursuant to this section, given not less than three days prior to the date fixed for such hearing, shall be deemed due notice
thereof.

\9\ So in original.

18) Milk prices

The Secretary of Agriculture, prior to prescribing any term in any marketing agreement or order, or amendment thereto, relating to milk or its products, if such term is to fix minimum prices to be paid to producers or associations of producers, or prior to modifying the price fixed in any such term, shall ascertain the parity prices of such commodities. The prices which it is declared to be the policy of Congress to establish in section 602 of this title shall, for the purposes of such agreement, order, or amendment, be adjusted to reflect the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk or its products in the marketing area to which the contemplated marketing agreement, order, or amendment relates. Whenever the Secretary finds, upon the basis of the evidence adduced at the hearing required by section 608b of this title or this section, as the case may be, that the parity prices of such commodities are not reasonable in view of the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk and its products in the marketing area to which the contemplated agreement, order, or amendment relates, he shall fix such prices as he finds will reflect such factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest. Thereafter, as the Secretary finds necessary on account of changed circumstances, he shall, after due notice and opportunity for hearing, make adjustments in such prices.

19) Producer referendum

For the purpose of ascertaining whether the issuance of an order is approved or favored by producers or processors, as required under the applicable provisions of this chapter, the Secretary may conduct a referendum among producers or processors and in the case of an order other than an amendatory order shall do so. The requirements of approval or favor under any such provision shall be held to be complied with if, of the total number of producers or processors, or the total volume of production, as the case may be, represented in such referendum, the percentage approving or favoring is equal to or in excess of the percentage required under such provision. The terms and conditions of the proposed order shall be described by the Secretary in the ballot used in the conduct of the referendum. The nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto. Nothing in this subsection shall be construed as limiting representation by cooperative associations as provided in subsection (12) of this section. For the purpose of ascertaining whether the issuance of an order applicable to pears for canning or freezing is approved or favored by producers as required under the applicable provisions of this chapter, the Secretary shall conduct a referendum among producers in each State in which pears for canning or freezing are proposed to be included within the provisions of such marketing order and the requirements of approval or favor under any such provisions applicable to pears for canning or freezing shall be held to be complied with if, of the total number of producers, or the total volume of production, as the case may be, represented in such referendum, the percentage approving or favoring is equal to or in excess of 66\2/3\ per centum except that in the event that pear
producers in any State fail to approve or favor the issuance of any such 
marketing order, it shall not be made effective in such State.

Codification

Subsec. 5(B)(e), which permitted a provision for the accumulation and disbursement of a fund to encourage seasonal adjustments in the production of milk to be included in an order, was omitted as terminated. See Effective and Termination Dates of 1981 Amendment note set out below.

Subsec. (5)(H), which permitted marketing orders applicable to milk and its products to be limited in application to milk used for manufacturing, was omitted as terminated. See Termination of 1965 Amendment note set out below.

Phrase ``, with the approval of the President,'' following ``,Secretary of Agriculture'' in introductory provisions of subsec. (9) of this section, was omitted on the authority of section 102 of 1947 Reorg. Plan No. 1, set out in the Appendix to Title 5, Government Organization and Employees, which abolished the function of the President with respect to approving determinations of the Secretary of Agriculture in connection with agricultural marketing orders under this section.

The words ``(including the district court of the United States for the District of Columbia)'' in subsec. (15)(B) following ``The District Courts of the United States'' have been deleted as superfluous in view of section 132(a) of Title 28, Judiciary and Judicial Procedure which states that ``There shall be in each judicial district a district court which shall be a court of record known as the United States District Court for the district.'', and section 88 of said Title 28 which states in part that ``The District of Columbia constitutes one judicial district.''
