

AMS and the USDA Cattle & Carcass Training Center at the University of Nebraska - Lincoln will offer a training on

Emerging Technology and CME Cattle and Carcass Acceptance

Join us on June 15-16, 2023, for this two-day course focused on a wide range of topics related to emerging technology in the livestock and meat industries, and CME live cattle and carcass specifications and deliveries. AMS will provide updates on USDA's supply chain initiatives, including an overview of USDA's Meat and Poultry Processing Capacity Technical Assistance Program.

In addition, attendees may participate in-person or virtually in an onsite [USDA Cattle Contract Library Pilot Program](#) listening session. For virtual attendees, the meeting will be broadcasted live as a webinar. To join from a PC, Mac, iPad, iPhone or Android device, please [join via Zoom](#).
