Commodity Specification for Frozen Vegetables

March 2019
Non-Discrimination Policy: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

GENERAL

U.S. Standards

Frozen vegetables (product/commodity) produced under this Commodity Specification must meet the requirements specified in the applicable United States Standards for Grades of Frozen Vegetables (U.S. Standards) effective on the date of the Solicitation/Invitation for Bid (IFB). The U.S. Standards are published separately and are incorporated herein and made a part of this Commodity Specification.

Exceptions to U.S. Standards and/or Commercial Item Description (CID)

Exceptions to the U.S. Standards for the U.S. Department of Agriculture (USDA) frozen vegetables purchases and/or CID are found in Section II, Individual Commodity Specifications, of this document. Additional exceptions may be specified in the applicable Solicitation/IFB. Any exceptions contained in the applicable Solicitation/IFB shall have precedence over the requirements contained herein, for that Solicitation/IFB only.

Order of Precedence

If the contract documents are inconsistent or contradictory, the following order of precedence will prevail: Solicitation/IFB, Master Solicitation, Amendments to the Commodity Specifications, and Commodity Specifications and/or Supplement(s).

Product Origin

1. Commodities delivered pursuant to this Commodity Specification shall have originated from crops that have been 100 percent grown, processed, and packed in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands, (hereinafter referred to as the United States). See the Master Solicitation.

2. If the contractor handles any commodity originating from sources other than the United States, the contractor must have a written plan to segregate the commodity. This segregation plan will include an identification and record system for all commodities to ensure they are completely segregated and cannot be used to fulfill purchase orders awarded by USDA. Such segregation plan must be made available, within 10 days of purchase order award, to representatives of the Agricultural Marketing Service (AMS).

3. The contractor must maintain positive written documentation records evidencing 100 percent domestic origin to the grower level. Contractors must also ensure that the documentation provided by any subcontractors demonstrate the same level of traceability. The burden of proof of compliance is on the contractor.

4. Documentation may include load or warehouse storage receipts for raw product (i.e., bin
tags), product blend (formulation) records, product coding explanations, finished product, warehousing records, shipping or payment records, or other documentation or evidence that clearly establishes the product's domestic origin.

5. Contractors must provide the domestic origin certification and supporting documentation records to representatives of the AMS Fruit and Vegetable Program, Specialty Crops Inspection (SCI) Division (USDA Inspector) when requesting inspection service. USDA Inspectors will select and review at least one code for each purchase order or IDIQ contract to determine compliance with the Agency’s domestic origin requirements.

6. Such records must be available for review by the Government in accordance with FAR 52.214-26. In the event of an audit, AMS auditors will examine as many codes as is necessary to verify compliance.

7. Self-certifications by contractors and subcontractors will not be accepted.

8. Failure to observe this requirement may lead to suspension or debarment, purchase order termination, and penalties at Title 18, Section 1001 of the U.S. Code concerning falsification of information.

Kosher Products

Occasionally, USDA solicits offers to sell KOSHER products. Such products are identified on the solicitation with the letter “K” incorporated into the WBSCM material descriptions. Vendors must comply with the applicable dietary (KOSHER) laws as established by the “613 COUNCIL OF KASHRUTH” in the production of these commodity products. Vendors must not bid on these purchase unless they can be properly verified.

Vendors receiving purchase order items identified as “KOSHER” must contact the Board of Jewish Education of Greater New York (BJENY) at telephone 646-427-5365 prior to manufacturing the commodity product to arrange for certification of compliance with the applicable dietary (kosher) laws.

Packing Season

All frozen vegetables must be from the current packing season/crop year, unless otherwise specified in the applicable Solicitation/IFB.

Shipment

Shipment of frozen vegetables must be at 0 degrees (plus or minus 10 degrees F).

Grade of Frozen Vegetables
All frozen vegetables must be U.S. Grade A (as defined in the U.S. Standards) unless otherwise specified in Section II, Individual Product Specifications, herein or the applicable Solicitation/IFB.

Fill of Container

1. Contractor must meet the net weight for the product as specified in the applicable U.S. Standards unless otherwise indicated herein. Shipping cases for frozen product shall contain twelve 2 pounds, 2 ½-pounds, six 5-pounds, or 30 and 40-pound bulk container.

2. The average net weight must meet the net weight as printed on the label and the Individual Commodity Specification Section II.

LABELS AND PACKAGING

Primary Containers (Packages and Labeling)

1. Vendors have the option to use commercial labeling and packaging which meets all applicable FDA requirements and contains a code which allows traceability of the product in the event of a recall or they may use non-commercial packaging and labeling as specified in the Master Solicitation/IFB.

2. The processors’ own commercially acceptable “brand” labels may be used on all Solicitations/IFBs unless prohibited by the Solicitation/IFB. Distributor’s “brand” labels are not acceptable.

3. All products must be packed in new, commercially acceptable primary containers (packages). Frozen Vegetables shall be packed only in the container size and type specified in the applicable Solicitation/IFB. The primary package must be suitably code marked so that the product can be identified with related inspection certificates.

4. For packages 3 pounds or less, labels must also meet the following formatting criteria:
   a. Must include, at a minimum, one (1) color, in addition to black and/or white.
   b. Must incorporate a graphic (photo or illustration) depicting the product/contents on the principal display panel if the packages are not clear or contain a viewing window.

Secondary Containers (case) for Commercial Labels

1. Primary containers shall be further enclosed within new, corrugated fiberboard cartons (cases) acceptable by common or other carriers for safe storage and transportation to destinations.
2. Case flaps, gaps, and other openings may not exceed 1 inch and must be fully glued or sealed with tape. If tape is used in lieu of glue, it must be clear and of commercially acceptable width and strength. The tape must extend at least two inches down the sides or ends.

3. Mixing and matching of commercial and non-commercial labeling methods will not be acceptable.

4. Two or more different commercial labels will not be acceptable within a shipping unit (truck load).

**Secondary Containers (case) for Non-Commercial Labels**

Packages with non-commercial labels shall be further enclosed within new, corrugated fiberboard cartons (cases) acceptable by common or other carriers for safe transportation to destinations. Flaps, gaps and other openings may not exceed 1 inch and must be fully glued or sealed with tape. If tape is used in lieu of glue, it must be clear and of commercially acceptable width and strength. The tape must extend at least two inches down the sides or ends.

Cases must be marked in such a manner that they contain all the required symbols, statements and information contained in Exhibit 1 or 2 as applicable.

Cases may be marked by printing or stenciling or by preprinted, self-adhesive stickers. Self-adhesive stickers must be affixed to the case in such a manner that they cannot be removed intact.

Exact arrangement and adherence to font size is not required. The case markings must be clearly marked, easily read, and substantially the same as specified in Exhibit 1 or 2 as applicable.

Exhibit 2 shows an alternative placard that may be applied to a non-commercial, new, corrugated fiberboard case acceptable by common or other carriers for safe transportation to destinations. This placard must be affixed to the case in such a manner that it cannot be removed intact.

Cases must have the recycling statement shown in Exhibit 4, “Please Recycle” Symbol and Statement or Exhibit 5, “Corrugated Recycles” Symbol and Statement.

**UNIVERSAL PRODUCT CODES (UPC)**

Contractor UPCs are acceptable for primary containers with commercial labels and/or secondary fiberboard cases enclosing commercially labeled product.

UPCs are not required for commercial labeling with tray pack shipping containers.

Products with alternative, non-commercial labels must use the UPCs listed in Exhibit 3 on the primary and secondary containers.
PALLETIZATION REQUIREMENTS

Pallets

Products must be on 48 X 40 inch, non-reversible, flush stringer, and partial four-way entry. New pallets must be good quality wood. Used pallets must be No.1 hardwood or its equivalent in new softwood. **Broken or damaged pallets are unacceptable.** If pallet exchange is desired, the contractor shall arrange for pallet exchange with consignees. USDA is in no way responsible for arrangement of pallet exchange.

Unitization

Each delivery unit of frozen vegetables must be unitized. Shipping cases must be stacked and secured from top to bottom, so that each container and layer of containers becomes an integral part of the pallet. Either stretch wrapping with plastic film or “lock ‘n pop” is acceptable. The palletized product must be loaded in the conveyance in such a way that will prevent shifting and damage to the containers of product.

Shipment and Delivery

Quantity Tolerance

Contractor will be allowed a tolerance on the final delivery of plus or minus 50 cases of each product, from each shipping point named in the purchase order.

INDIVIDUAL COMMODITY SPECIFICATIONS

Frozen, Asparagus

Cut Spears (Cuts & Tips)

1. Grade – U.S. Grade A.

2. Sizes (Diameter) of spears and tips – medium size or No. 2 classification 3/8 inch or larger but less than 5/8 inch.

3. Length of cut – 1 inch, plus or minus ¼ inch.

4. Net Weight –
   
   a. 30 pounds per case (6/5 pound bags.)

   b. 30 pounds per case (12/2.5 pound bags.)
Whole Spears

1. Grade – U.S. Grade A.

2. Net Weight – 15 pounds per case (6/2.5 pound bags.)

Frozen, Whole Kernel Corn

1. Grade – U.S. Grade B or better.

2. Color Type – Golden (or yellow).

3. Variety – Frozen Super sweet Whole Kernel Corn may be used as long as it follows the guidelines – A-493.

4. Net Weight
   a. 30 pounds per case
   b. 12/2.5 pound containers per case – Material Code: 111053

Frozen, Peas

1. Grade – U.S. Grade B or better, with no additives except salt acquired during processing.

2. Net Weight
   a. 1/30 pounds per case
   b. 1/30 pounds per case, Kosher
   c. 12/2.5 pound containers per case

Frozen, Green Beans

1. Grade – U.S. Grade B or better, except shall be U.S. Grade A for extraneous vegetable material.

2. Type – Round.

4. Styles – For Material Code 100351 and 111054, product will be only Style a. CUT, unless specified differently in the Solicitation/IFB.
a. Cut - provided that the cut style units are one inch in length or longer.

b. Sliced lengthwise, or French style.

c. Whole.

5. Net Weight

a. 30 pounds per case

b. 12/2 pound containers per case – Material Code: 111054

NOTE: Compliance with “cut” style one inch or longer provisions will be determined using the criteria in the United States Standards for Grades of Frozen Green and Wax Beans, except to change the definition of a minor defect in Table II for “cut” style to read: “Piece shorter than ¾ inch in length.”

Frozen, Mixed Vegetables

1. Grade – U.S. Grade B or better.

2. Exceptions to the U.S. Standards for Grades of Frozen Mixed Vegetables

   Proportions of Ingredients – 4 way mix (plus or minus 7 percent by weight).

   a. 30 percent by weight carrots (diced style 3/8 to ½ inch cube).

   b. 20 percent by weight green peas.

   c. 20 percent by weight corn (sweet, golden or yellow, whole kernel corn).

   d. 30 percent by weight cut style green beans (predominantly of 1/2 inch to 1-1/2 inch cuts).

3. Net Weight –

   a. 6/5 pound containers per case (30 pounds per case)

Frozen, Carrots

1. Grade – U.S. Grade A.

2. Style –

   a. Sliced (straight cut or crinkle cut), maximum diameter 1 ½ inches.
b. Diced (⅜ inch to ½ inch cube).

3. Net Weight –
   a. 30 pounds.
   b. 12/2 pound bags per case – Material Code: 111052

Frozen, Corn-on-the-Cob

1. Grade – U.S. Grade A (or U.S. Fancy).
2. Length – Short (3 inches to 3½ inches).
3. Color – Golden (or yellow).
5. Unit Size – 1,320 cases.

Frozen, Mashed Sweet Potatoes

1. Grade – U.S. Grade A.
2. Color – Golden, Yellow, or Mixed.

Frozen, Cut or Chunks Sweet Potatoes

1. Grade – U.S. Grade A.
2. Color – Golden, Yellow, or Mixed.
3. Style – Cut or Chunks.
4. Cut Size – ½ to 1 inch.
Frozen Broccoli

1. Grade – U.S. Grade A.
2. Style – Short Spears or Florets.
3. Each short spear or floret must weigh more than 4 grams.

Frozen IQF Spinach

1. Grade – U.S. Grade A.
2. Style – Chopped.
3. Package size – 12/2 pounds or 20 pounds.

Frozen, IQF Mushrooms

All vendors and/or suppliers providing fresh mushrooms shall undergo a “Mushroom Good Agricultural Practices Program” audit, 2010. The audit must be conducted by the United States Department of Agriculture (USDA), Agricultural Marketing Service (AMS), Specialty Crops Program (SCP), Specialty Crops Inspection (SCI) Division or licensed Federal-State auditors providing services under a cooperative agreement with USDA oversight. The audit conducted must be the USDA, GAP & GHP Audit for mushroom production. The audit must cover all parts of the operation which are applicable to the commodity being purchased.

A copy of the audit standards and checklists are available on the USDA website at http://www.ams.usda.gov/AMSv1.0/gapghp, or from your local USDA or Federal-State inspection office. A listing of USDA and Federal-State inspection offices are also available on the website listed above.

1. Color – White or Cream; or Brown. Fairly good color may possess a grayish cast that does not seriously affect the overall color or appearance. The color of the gills of the diced units is not darker than tannish gray for white or cream, and may be dark brownish gray for brown. The contrast in color between the gills and surface of the diced units shall not seriously affect the overall color appearance of the product.
2. Style – Diced.
3. Size – 3/8 inch. Fairly uniform in size and shape, not more than 15 percent by weight of the units may be more than 3/8 inch.
4. Defects – Fairly free from defects. Not more than 10 percent by weight may contain
discoloration due to brown spot or rust spots that extend into the flesh, or mechanical
damage causing a ragged appearance. Mushrooms shall contain no more than an
average of 1 piece per 100 ounces of harmless extraneous material (HEM) not limited
to loose root material or small pieces of straw no longer than 1 inch in length. Shall
contain no foreign material such as: grit, soil or compost; wood splinters; rot or decay;
bugs or insect fragments; or maggots. Foreign material may be detected upon visual
examination during the regular grading process. An exception would be the presence of
maggots, and then microscopic examination would be required.

5. Character – Fairly good character. Units shall be tender; may be slightly soft; with no
more than 10 percent by weight excessively soft; fibrous, or rubbery. Mushrooms shall
be free flowing and not have more than 10 percent by weight frozen clumps greater than
1 inch in size.

6. Flavor and Odor – Normal flavor and odor. Mushrooms shall have the odor of fresh,
clean mushrooms free from objectionable flavors and objectionable odors of any kind.

7. Hydration – Mushrooms shall not be hydrated.

8. Net Weight –
   a. 40 pounds per case.
   b. 12/2.5 pound containers per case – Material Code 110920.

Frozen, Vegetable Blends

Vegetable blends shall meet the salient characteristics specified in CID A-A-20294A, effective
on the date of the Solicitation/IFB with the following exception:

Analytical requirements in Section 6.1 of CID A-A-20294A for this commodity are not required.

1. Sweet Peppers and Onion Blend –
   a. Blend I – Two or more vegetable(s) packaged together.
   b. Vegetable 24, Sweet pepper, green; Designation d – sliced.
   c. Vegetable 25, Sweet pepper, red; Designation d – sliced.
   d. Vegetable 14, Onion; Designation c – strips.

2. Additional Quality Factors
   a. Proportion of ingredients: 34% Green Peppers, 33% Red Peppers, 33% Onions.
b. Tolerance of proportions: (+ or –) 10%.

c. The final product blend is reasonably free flowing, reasonably bright, and possesses reasonably uniform units.

Frozen, Sweet Peppers

1. Grade – U.S. Grade A.

2. Types of frozen sweet peppers.
   a. Type: I, green.
   b. Type: II, red.

3. Style: Sliced (strips).

4. Note from U.S. Standard - Uniformity: The units are practically uniform in size and the aggregate weight of all strips less than 1-1/4 inches in length does not exceed 30 percent, by weight, of all the units.

5. Additional Quality Factors
   a. Strip size: Width, approximately 3/8 inch; for length, see uniformity above.

Frozen, Onions

1. Style – Strips (width, approximately 3/8 inch, for length see uniformity below)

2. Additional Quality Factors
   a. Color: Good color. The onions have a good characteristic bright color typical of the varieties.
   b. Appearance: The product is reasonably free flowing, reasonably bright, and has reasonably uniform units. The overall appearance or edibility of the frozen onions is slightly but not seriously affected by markedly variable units, small specks, or other factors.
   c. Uniformity: The aggregate weight of all strips less than 1-1/4 inches in length does not exceed 30 percent, by weight, of all the units.
   d. Defects: The onions are practically free of defects such as but not limited to, dark green units, blemishes, peel, mechanical damage, sprouts, root crown, and core material.
e. Character: Good character. The onions are uniformly firm and tender, and practically free of soft and spongy units.

f. Flavor and odor: the frozen onions, before and after cooking, have a flavor and odor that is normal and typical for the variety and is free from objectionable flavors and odors.

3. The frozen onions have no grit or dirt present that affects the appearance or edibility of the product.

4. Net weight –
   a. 30 pounds per case (1/30 pound case).
   b. 30 pounds per case (6/5 pound bags).
   c. 30 pounds per case (12/2.5 pound bags).

**Frozen, Butternut Squash - 6/5 pound containers per case.**

1. **Product description** – The frozen diced butternut squash (*Cucurbita moschata*) shall be prepared from squash that is clean, sound, and properly matured. The squash must then be further prepared by washing, stemming, cutting, and cleaning, including removing peel, seed, and fiber. The product is then blanched and frozen in accordance with good commercial practice.

2. **Style** – Diced (approximately 3/4 x 3/4 inch cube shaped units).

3. The frozen diced butternut squash will be evaluated on the following individual quality factors and tolerances outlined below:

   - Color
   - Uniformity of size
   - Absence of defects
   - Character
   - Flavor and Odor
   - Appearance

   Individual sample size – 16 ounces or increments of 16 ounces.

4. **Color** – possesses a practically uniform, bright color typical of well matured frozen butternut squash and is free from discoloration due to oxidation, or other causes.
5. **Uniformity of size** – A maximum of 10% by weight of the units may be smaller than one-half the volume of the predominant size unit.

6. **Absence of defects** – The diced butternut squash shall contain no grit, sand, or silt that affects the appearance or eating quality of the frozen squash; and that for each 16 ounces of product:

   - Not more than one piece of **harmless extraneous vegetable material** (leaves, detached stems or portions thereof, or other similar harmless vegetable material)
   - **Seeds** – Not more than 2
   - **Tough fibrous strings or strands from the seed cavity** – not more than an aggregate total length of 6 inches (measure/score only pieces over ½” long)
   - **Total blemishes** – not more than 8 percent by weight of the units of which only 2 percent may be major blemishes.
   - **Blemishes** – peel or other blemishes that detract from the appearance or eating quality
   - **Major blemishes** – blemishes (excluding peel) greater than 1/4 inch or blemishes that seriously detract from the appearance or eating quality

7. **Character** – The character after cooking will be fleshy, tender, and not fibrous with no more than 5% by weight of the units being of reasonably good character.

8. **Flavor and Odor** – Must possess good typical flavor and odor with no off flavors or odors.

9. **Appearance** - The expected end item will appear as good as, or better than what is depicted below.
Frozen Potatoes, Diced

2. The potatoes will be blanched but will not be fried.

3. Style – Diced approximately ½ x ½ inch cubes and which contain not more than 90 grams, per sample unit, of units smaller than one - half the volume of the predominant size unit.

4. Net Weight – 6/5 pound containers per case.

INSPECTION AND CHECKLOADING

Requirements

Representatives of the AMS, Fruit and Vegetable Program, Specialty Crops Inspection (SCI) Division (USDA Inspector) must perform the inspection and checkloading. See the Master Solicitation. The cost of inspection, samples taken for inspection, mailing of review samples submitted for evaluation, and any chemical analysis required for testing shall be for the account of the Contractor.

Inspection of frozen products must be performed not more than 60 days prior to shipment. Whether each lot offered meets the product and container requirements of the purchase order must be determined on the basis of representative sample units.

Representative sample units will be graded according to the Regulations Governing Inspection and Certification of Frozen Vegetables and Related Products (7 C.F.R. Part 52), and United States Standards for Condition of Food Containers (7 C.F.R. Part 42.140), effective on the date of the Solicitation/IFB.

Case stamping is not acceptable for frozen vegetables.

Certification

Subject to (See the Master Solicitation) the acceptability of the quality, weight, packaging, and checkloading of the product must be evidenced by certificates issued by the USDA Inspector.

No product shall be shipped unless the USDA Inspector informs the Contractor that a designated lot is acceptable. Notice by the USDA Inspector that a designated lot scheduled for shipment does not meet requirements of the purchase order shall constitute rejection of such lot.
Procedures

The Contractor must give the USDA Inspector at least 7 days advance notice when scheduling inspection service. Prior to sampling, the Contractor must furnish the USDA Inspector with a list of codes and the approximate number of cases per code.

Contractors are encouraged to submit requests for inspection in writing with verifiable receipt notice, such as fax log, to alleviate possible miscommunication.

Laboratory Tests

The Contractor must allow 14 days after product sampling for laboratory tests (when required) to be completed and returned.

Failure to Meet Specifications

Any lot which fails applicable specifications prescribed herein will be rejected as not acceptable for delivery. If any lot of frozen vegetables fails to meet the product or packaging requirement, the Contractor may request in writing that USDA accept delivery of the lot. USDA may at its option accept delivery, provided that the purchase price is the purchase order price less a discount, to be determined by the Contracting Officer.

USDA SYMBOL - Optional

5/ KEEP FROZEN

Product name must be printed or stenciled on a separate line in letters at least three-fourths inch high, and all other information must be in letters less than three-fourths inch but at least three-eighths inch high. The USDA Food Symbol must be printed, stamped, or labeled and be of sufficient size to stand out prominently. Case markings must be limited to case codes and those contained in this Exhibit.

1/ Insert any additional product style, pack, packing media, or further definition as applicable.
2/ Insert the size and number of packages per case, i.e. 6 /No. 10 cans, 6/5 pound bags, 12/46 ounce cans, 1/25 pound bag.
3/ Insert the last five digits of the purchase order number.
4/ Insert name of Packer and Packer’s Address - City, State, and Zip Code. This information can be placed on the end panels or the side panels.
5/ Insert Universal Product Code (see Exhibit “3”).

Recycle symbols and statements can be placed on bottom panels (Exhibit “4” and “5”).
