1.0 FUNDING OPPORTUNITY DESCRIPTION

1.1 LEGISLATIVE AUTHORITY

The Dairy Business Innovation (DBI) Initiatives are authorized by section 204(b) of the Agricultural Marketing Act of 1946 as supplemented by section 12513 of the Agriculture Improvement Act of 2018 (Public Law 115—334), (7 U.S.C. § 1632d).

1.2 PURPOSE

This program assists DBI initiatives in managing regional efforts to support dairy businesses in the development, production, marketing, and distribution of dairy products. These initiatives specifically focus on:

a. Diversifying dairy product markets to reduce risk and develop higher value uses for dairy products;
b. Promoting business development that diversifies farmer income through processing and marketing innovation; and
c. Encouraging the use of regional milk production.

This RFA is to award funding to current initiatives from FY 2020 through 2022. See section 2.4 Federal Award Period Duration for more information.

1.2.1 DEFINITIONS

Dairy Businesses are businesses that develop, produce, market, or distribute dairy products.

Initiatives are selected eligible entities that host this program with the purposes indicated under section 1.2.

Dairy Products are products manufactured for use by humans which are derived from the processing of milk and include fluid milk products. Products may include but are not limited to butter, cheese (whether natural or processed), skim milk, cream, whey or buttermilk (whether dry, evaporated, stabilized or condensed), and frozen desserts.

1.3 PROGRAM DESCRIPTION

Initiatives provide direct technical assistance and make sub-grants to dairy businesses. They must also build on previous efforts to engage existing dairy industry resources, including dairy farm density and suitability, as well as activities conducted by dairy promotion and research programs (authorized by the Dairy Production Stabilization Act of 1983 and the Fluid Milk Promotion Act of 1990), research organizations, dairy businesses, or academic or industry stakeholders. Initiatives may serve a certain product niche, such as specialty cheese, or serve dairy businesses with dairy products derived from the milk of a specific type of dairy animal, including dairy products made from cow milk, sheep milk, and goat milk.
These initiatives also consult with any authorized dairy promotion program and AMS in carrying out the program and report on outcomes of the program as well as any related activities and opportunities to further increase dairy innovation. Host initiatives maintain guidelines and procedures to prevent any conflict of interest or the appearance of a conflict of interest as required by 2 CFR § 400.2(b) while providing the direct technical assistance and grants to dairy businesses mentioned below.

### 1.3.1 DIRECT TECHNICAL ASSISTANCE

Initiatives provide direct technical assistance to dairy businesses. Direct technical assistance includes nonmonetary assistance directly to dairy businesses through either private consultation or widely available distribution. Technical assistance may be provided directly through the host initiative or through industry experts or research institutions, including the cooperative extension services. Specific forms of assistance may include:

- Business consulting, including business plan development for processed dairy products, strategic planning assistance, and distribution and supply chain innovation;
- Marketing and branding assistance, including market messaging, packaging innovation, consumer assessments, innovation in emerging market opportunities, and evaluation of regional, national, and international markets;
- Assistance in product innovation, including the development of value-added products, innovation in byproduct reprocessing and use maximization, and dairy product production training, including in new, rare, or innovative techniques; and
- Development or facilitation of general informational websites, webinars, conferences, trainings, plant tours, and field days.

### 1.3.2 SUBAWARDS TO DAIRY BUSINESSES

Initiatives facilitate and have operational responsibility to carry out a subaward program with at least 50 percent of the allotted funds. An initiative may provide a subaward to an entity that receives direct technical assistance to advance the business activities recommended, and conduct a competitive subaward program to dairy businesses that did not seek or receive direct technical assistance. The subaward program focuses on:

- Modernization, specialization, and grazing transition on dairy farms;
- Value chain and commodity innovation and facility and process updates for dairy processors; and
- Dairy product development, packaging, and marketing.

Individual subawards made by initiatives will be to new or existing dairy businesses and will not be more than $500,000. Initiatives will prioritize entities that receive direct technical assistance referenced in section 1.3.1 and are:

- Dairy farms and dairy businesses with limited access to other forms of assistance;
- Employee-owned dairy businesses;
- Cooperatives; and
- Dairy businesses that seek to create dairy products that add substantial value in processing or marketing, such as specialty cheeses.

## 2.0 AWARD INFORMATION

### 2.1 TYPE OF FEDERAL ASSISTANCE

AMS will use a Grant Agreement to provide the Federal award to applicants.

### 2.2 TYPE OF APPLICATIONS

**New application.** AMS will review all applications for conformance with the criteria in section 5.0 Application Review Information and may require the applicant to provide additional information or clarification by a specified date.

### 2.3 AVAILABLE FUNDING

It is anticipated that approximately $18.4 million will be available to fund applications in FY 2020. Enactment of additional Federal continuing resolutions or appropriations may affect the availability or level of funding for this program.

### 2.4 FEDERAL AWARD PERIOD DURATION

Projects must be completed within 3 years. It is acceptable to complete a project before the scheduled performance period end date. However, AMS encourages applicants to take the full grant period to allow ample time to complete projects. The grant period must begin no later than September 30, 2020, and end no later than September 29, 2023. The applicant must indicate the start and end dates on the SF-424, “Application for Federal Assistance” in block 17. AMS encourages awardees to allow ample time for completion of all sub-grant projects.

### 2.5 AWARD SIZE

Each initiative will be funded up to one-third of the available funding (see section 2.3), which is $6,133,333.33.

If an initiative applies for less than its available amount, AMS will redistribute the remaining portion equally to the other initiatives.

## 3.0 ELIGIBILITY INFORMATION

### 3.1 ELIGIBLE APPLICANTS

Eligible applicants are the University of Tennessee, the Vermont Agency of Agriculture, Food & Markets, and the University of Wisconsin.

These initiatives were competitively selected in FY 2019 to fulfill the purpose of the program (see section 1.2). This funding opportunity will continue work already started under their previous awards.
3.2 PARTNERS AND COLLABORATORS

An applicant may subcontract or subaward with partners and collaborators. Only the applicant must meet the eligibility requirements listed in this RFA.

- A *partnership* is a relationship involving close cooperation between parties having specified and joint rights and responsibilities in the management of the project.
- A *collaborator* is a person or an organization unaffiliated with the applicant that cooperates with the applicant in the conduct of the project and is not immediately connected to the management of the project.

Applicants may partner or collaborate with private or public, for-profit or nonprofit entities, such as other State agencies or universities, without regard to geography. Applicants must show evidence of existing community or industry support and engagement.

3.3 COST SHARING AND MATCHING

This RFA does not have a Federal cost sharing or matching requirement.

### 4.2.2 PROJECT NARRATIVE

**Required:** Applicants are required to prepare and submit a narrative using the [DBI Project Narrative form](#).

The narrative should describe how this project will build upon the work performed under previous DBI grants.

The narrative also includes a budget narrative and justification section. A general line-item for “grants” may be provided under Contracts in the application’s budget. The individual subaward budgets are not expected at the submission of this application. However, initiatives will be expected to provide a comprehensive plan detailing each subgrant project, associated outcomes, and applicable expenses in order to draw down on the funds associated with this line item.

The narrative must be submitted as a PDF and attached to the Grants.gov application package using the “Add Attachments” button under SF-424 item #15.
Handwritten applications or applications in MS Word will not be accepted. The narrative must be typed, single-spaced, in an 11-point font, not to exceed twenty (20) pages, excluding existing form content. For example, if the form is 15 pages before you begin entering your project information, your narrative form may be up to 35 pages (15 original pages + 20 pages of applicant content). DO NOT modify the margins of the Project Narrative form.

Prior to submitting the application to Grants.gov, please make sure no tracked changes or mark-up edits and comments are visible.

The supporting documents in subsequent sections do not count against the page limit for the Project Narrative.

### 4.2.3 LETTERS OF COMMITMENT FROM PARTNER AND COLLABORATOR ORGANIZATIONS

**Required:** Applicants must provide letters of commitment (in MS Word or PDF) from all project partners and collaborators. More information can be found on partners and collaborators in section 3.2 Partners and Collaborators. The letter must state the partner or collaborator agrees to the project management plan presented in the Project Narrative. Emails will not be accepted. The Letter of Commitment must include the following:

- Project Applicant
- Project Title
- A short introduction describing the partnering organization’s mission and its interest in this program’s development
- What the organization commits to participating in and supporting
- The time period of the partnership
- Roles of the participating individuals, as applicable, and any individual time commitment
- A statement that these individuals and the organization agree to abide by the management plan contained in the application

Submit Letters of Commitment on letterhead and address them to the applicant (i.e., Project Director). Clearly indicate at the top of the documents that they are LETTERS OF COMMITMENT. Letters must accompany the proposal at the time of application. Unsigned letters will not be accepted.

Letter(s) must be attached to the Grants.gov application package using the “Add Attachments” button under Form SF-424 item #15.

**PLEASE NOTE:** AMS does not require Congressional letters of support and such letters do not carry additional weight during the evaluation process.

### 4.2.4 NEGOTIATED INDIRECT COST RATE AGREEMENT (NICRA)

**Required if the applicant has a NICRA:** Refer to section 4.5.1 Indirect Costs for more information. The NICRA must be in PDF format and attached to the Grants.gov application package using the “Add Attachments” button under SF-424 item #15.

### 4.3 SUBMISSION DATE AND TIME
Applicants must submit applications via Grants.gov by 11:59 p.m. Eastern Time on June 23, 2020. AMS cannot consider applications received after this deadline for funding. See AMS’ Policy on Late Applications.

4.4 INTERGOVERNMENTAL REVIEW

This solicitation is not subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.” Refer to the Intergovernmental Review (Single Point of Contact List).

4.5 FUNDING RESTRICTIONS

4.5.1 INDIRECT COSTS

*Indirect costs* (also known as “facilities and administrative costs”—defined at 2 CFR § 200.56) are those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.

As stated in the regulations (2 CFR §§ 200.413 and 414), any non-Federal entity that has never received a negotiated indirect cost rate, except State and Local Government and Indian Tribe Indirect Cost Proposals, may elect to charge a de minimis rate of 10 percent of modified total direct costs (MTDC) which may be used indefinitely. As described in 2 CFR § 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a recipient chooses to negotiate for a rate, which the recipient may apply to do at any time.

All applicants who elect to charge a de minimis rate of 10 percent must use the MTDC as the base. MTDC are defined in 2 CFR § 200.68 as all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDCs exclude equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of $25,000. Other items may be excluded only when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

If an applicant has a negotiated indirect cost rate approved by its cognizant agency, the applicant must submit a copy of its approved NICRA with its application. Entities that would like to negotiate an indirect cost rate must contact their cognizant agency. For assignments of cognizant agencies see 2 CFR § 200.19.

4.5.2 ALLOWABLE AND UNALLOWABLE COSTS AND ACTIVITIES

All AMS awards are subject to the terms and conditions, cost principles, and other considerations described in the AMS General Terms and Conditions.

4.5.3 SUBAWARD ALLOCATION

At least 50 percent of this DBI grant must be allocated to subawards.
4.5.4 SUPPLANTING
The funds awarded through this RFA must supplement, increase or expand, and not duplicate or replace, existing activities of the host initiatives.

4.5.5 SUPPORT FOR DOMESTIC DAIRY BUSINESSES
Technical assistance and subawards will not be made available to a foreign person making direct investment in the United States, as defined in 15 CFR § 801.2, where the assistance is provided to a specific dairy business and is not publicly available.

4.6 GRANTS.GOV APPLICATION SUBMISSION AND RECEIPT PROCEDURES AND REQUIREMENTS

4.6.1 HOW TO REGISTER TO APPLY THROUGH GRANTS.GOV
The registration process can take up to four weeks to complete. Therefore, complete your registration allowing sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

If individual applicants are eligible to apply for this grant funding opportunity, refer to: https://www.grants.gov/web/grants/applicants/individual-registration.html
Organization applicants can find complete instructions here: https://www.grants.gov/web/grants/applicants/organization-registration.html

1) **Obtain a DUNS Number**: All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizational DUNS" on the SF-424 form.

2) **Register with SAM**: In addition to having a DUNS number, organizations applying online through Grants.gov must register with the System for Award Management (SAM). All organizations must register with SAM to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov. **SAM.gov accounts must be updated annually, and your organization must have an active SAM.gov account to submit your application to Grants.gov.**

3) **Create a Grants.gov Account**: The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization’s DUNS number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization’s E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, the EBiz POC will need to identify and assign an individual to the AOR role.

4) **Authorize Grants.gov Roles**: After creating an account on Grants.gov, the EBiz POC receives an email notifying him or her of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, including the AOR role, thereby giving you
permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.

5) **Track Role Status:** After registering with Grants.gov and authorizing the applicant AOR, Grants.gov allows you to track your status.

b. **Electronic Signature:** When applications are submitted through Grants.gov, the name of the organization's AOR who submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitments on behalf of the organization as AORs. This step is often missed and it is crucial for valid and timely submissions.

### 4.6.2 HOW TO SUBMIT AN APPLICATION TO AMS VIA GRANTS.GOV

Applicants may use the Grants.gov Workspace, a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement, you can create individual instances of a Workspace.

1) **Create a Workspace:** This allows you to complete your Workspace online and route it through your organization for review before submitting.

2) **Complete a Workspace:** Add participants to the workspace, complete all the required forms, and check for errors before submission.

   a. **Adobe Reader:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or AMS forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, and then accessed through Adobe Reader.

   NOTE: You may need to visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software.

   b. **Mandatory Fields in Forms:** Fields marked with an asterisk and a different background color are mandatory fields you must complete to successfully submit your application.

   c. **Complete SF-424 Fields First:** The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS number. To trigger this feature, an applicant must complete the SF-424 form information first. Once it is completed, the information will transfer to the other forms.

3) **Submit a Workspace:** Submit your application through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting the application package at least 24-48 hours prior to the due date to provide you with time to correct any potential technical issues that may disrupt the application submission.

SPECIAL NOTE: Grants.gov does not check for AMS required attachments. It is the applicant’s responsibility to ensure that all required attachments listed in section 4.2 Content and Form of Application Submission are included.
4) **Track a Workspace**: After successfully submitting a workspace package, Grants.gov automatically assigns a Tracking Number (GRANTXXXXXXXX) to the package, which will be listed on the Confirmation page generated after submission.

*Applicant Support*: Grants.gov provides additional [training resources, including video tutorials](mailto:https://www.grants.gov/training). Applicants may also call the 24/7 toll-free support number 1-800-518-4726, or email [support@grants.gov](mailto:support@grants.gov). Grants.gov will issue a ticket number that you and Grants.gov can refer to if the issue is not resolved. For questions related to the specific grant opportunity, contact the person(s) mentioned in section **7.0 Agency Contacts**.

### 4.6.3 TIMELY RECEIPT REQUIREMENTS AND PROOF OF TIMELY SUBMISSION

All applications must be received by the due date established in section **4.3 Submission Date and Time**. Proof of timely submission is automatically recorded by Grants.gov using an electronic date/time stamp generated when the application is successfully received by Grants.gov. The applicant AOR will then receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When AMS successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will electronically acknowledge receipt of the application to the applicant AOR’s email address. Again, proof of timely submission shall be the email from Grants.gov stating the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by AMS.

AMS will not accept applications packages by fax, email, or postal mail. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by AMS. See [AMS’ Policy on Late Applications](#).

*Special Note for Applicants with Slow Internet Connections.* Applicants using slow internet connections, such as dial-up connections, may experience significantly longer transmission times when submitting their application to Grants.gov, especially if there are large attachments contained in the upload. Again, Grants.gov will provide either an error message or a successfully received transmission notification via email to the applicant AOR.

### 4.6.4 TIPS FOR APPLICANTS
