AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule; Supplemental notice of public hearing on proposed rulemaking.

SUMMARY: This document contains an additional proposal to be considered at a previously scheduled hearing to consider proposals that would amend certain pooling and related provisions of the Northeast Federal milk marketing order. The additional proposal seeks to amend the unit pooling provision by specifying that a secondary unit-pooled plant must be located within the marketing area and process at least 60 percent of total producer milk receipts as Class I or Class II products.

DATES: The hearing will convene at 8:30 a.m. on Tuesday, September 10, 2002.

ADDRESS: The hearing will be held at the Embassy Suites Hotel Alexandria, 1900 Diagonal Road, Alexandria, VA 22314. Telephone: 703–236–5900.

FOR FURTHER INFORMATION CONTACT: Gino Tosi, Marketing Specialist, Order Formulation Branch, USDA/AMS/Dairy Programs, Room 2968, 1400 Independence Avenue, SW., STOP 0231, Washington, DC 20250–0231, (202) 690–1366, e-mail gino.tosi@usda.gov.

Persons requiring a sign language interpreter or other special accommodations should contact Erik F. Rasmussen, Market Administrator, at 617–542–8966; e-mail: mboston@fedmilk1.com prior to the hearing.

SUPPLEMENTARY INFORMATION: This administrative action is governed by the provisions of sections 556 and 557 of Title 5 of the United States Code, and therefore is excluded from the requirements of Executive Order 12866. This notice is supplemental to the notice of hearing which was issued on July 26, 2002, and published in the Federal Register on August 1, 2002 (67 FR 49887).

Notice is hereby given that the aforesaid hearing will be held as scheduled at the Embassy Suites Hotel Alexandria, beginning at 8:30 a.m., on September 10, 2002, with respect to proposed amendments previously announced and to the additional proposed amendment to the tentative marketing agreement and to the order regulating the handling of milk in the Northeast marketing area.

The hearing is called pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which relate to the previously announced proposed amendments, and to the additional proposed amendment hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

Evidence also will be taken to determine whether emergency marketing conditions exist that would warrant omission of a recommended decision under the rules of practice and procedure (7 CFR 900.12(d)) with respect to Proposals 1 through 14.

Actions under the Federal milk order program are subject to the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). This Act seeks to ensure that, within the statutory authority of a program, the regulatory and informational requirements are tailored to the size and nature of small businesses. For the purpose of the Act, a dairy farm is a “small business” if it has an annual gross revenue of less than $750,000, and a dairy products manufacturer is a “small business” if it has fewer than 500 employees. Most parties subject to a milk order are considered as a small business. Accordingly, interested parties are invited to present evidence on the probable regulatory and informational impact of the hearing proposals on small businesses. Also, parties may suggest modifications of these proposals for the purpose of tailoring their applicability to small businesses.

The previously proposed amendments and the additional amendment to the rules proposed herein have been reviewed under Executive Order 12988, Civil Justice Reform. They are not intended to have a retroactive effect. If adopted, the previously proposed amendments and the additional amendment would not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Agricultural Marketing Agreement Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 8c(15)(A) of the Act, any handler subject to an order may request modification or exemption from such order by filing a petition with the Department stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with the law. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Department would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Department’s ruling on the petition, provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.

Interested parties who wish to introduce exhibits should provide the Presiding Officer at the hearing with (4) copies of such exhibits for the Official Record. Also, it would be helpful if additional copies are available for the use of other participants at the hearing.

Airworthiness Directives; Airbus Model A330 and A340 Series Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes the supercedure of an existing airworthiness directive (AD), applicable to certain Airbus Model A330 and A340 series airplanes, that currently requires an inspection of the parking brake operated valve (PBOV) of the main landing gear to identify the part and serial numbers, and follow-on actions if necessary. That AD also provides for optional terminating action for the requirements of the AD. This action would require accomplishment of the previously optional terminating action. The actions specified by the proposed AD are intended to prevent leakage of the PBOV and consequent failure of the “blue” hydraulic system and alternate parking brake and emergency braking systems, which could affect elements of the hydraulics for flaps, stabilizer, certain spoilers, elevator, rudder, and aileron. This action is intended to address the identified unsafe condition.
