Dairy Donation Product Totals

From 1/1/2020 To 5/10/2022

Note: This report reflects only claims submitted and processed for donations made previously through the Milk Donation Reimbursement Program (MDRP). The value represents the MDRP reimbursement rate and the supplemental payment authorized by the DDP for donations made on or after January 1, 2020. Only fluid milk products are eligible for donation through the MDRP.

Reimbursement claims submitted for donations made through the Dairy Donation Program (which broadened product eligibility to manufactured products) have begun to be processed and will be reflected in program reports beginning in July 2022.
