Dairy Producer Nomination Information

You may nominate a dairy producer(s) for each of the 12 expiring positions in each of the regions where your organization conducts business. The person(s) nominated must produce milk in the region for which they are nominated.

If there is more than one organization representing producers in a specific region, they may caucus and jointly nominate a producer(s) for each position representing that region on the Board for which a member is to be appointed. If a caucus is held, the caucus chairperson should prepare and submit a separate nomination form for each nominee on behalf of the caucus. It is not necessary for each organization participating in the caucus to submit nominations if it is in agreement with the caucus. If nominations are submitted as a result of a caucus, we encourage the nomination of more than one producer for each position on the Board. If joint agreement is not reached with respect to any such nominations, or if there is no caucus held, each eligible
organization should submit to the Secretary a nomination for each appointment to be made to represent that region.

If you wish to nominate a dairy producer, please submit a completed and signed copy of the enclosed nomination and background information forms for each nominee by May 31, 2021, to:
