3259	3	any, you know, changes	any changes
3259	4	might have. You know, their demand	might have. Their demand
3259	15	Right. Yeah	Right.
3259	17	Yeah. The price...	Yes. The price
3259	18	the --- yeah, the price is, you know, set, you know,	the price is set at
3262	19	we could -- we could put in place.	we could put it in place.
3262	25	concerned about one, how you would treat the members. One	concerned about how we would treat the members. One

3262	26	they did not want to cut back production because we'd need	they did not want to cut back production because how it
3262	27	something different, smaller herd versus a larger herd.	would affect a smaller herd versus a larger herd.
3262	28	So, we looked at it, you know, for, you know, limiting the	So, we looked at it to limit the
3265	3	disarray, and markets went completely -- there was a lot	disarray, and there was a lot
3265	12	different times there would always -- you know within	different times with
3265	13	supply and demand for milk, you know, there's going to be	supply and demand for milk there's going to be
3265	15	so -- but I can't...	but I can't
3265	20	Well, it all -- it all flows. I mean, it is, like	[delete line]
3265	21	I said just here recently we have had, you know	Recently we have had
3265	23	domestically and internationally, and so we have had more than	domestically and internationally, and so we have had more than a
3265	24	But here in recent times it --	But here in recent weeks
3266	5	Yeah, we -- we -- what we try to get is -- on that	Yes. We try to
3266	6	is get some kind of payment just for our service for doing	get some kind of payment for our service for doing
3266	7	the work for helping this milk buyer out, that we're doing	the work and helping this milk buyer out. We're doing
3266	12	It just -- yeah, just a fee, and it keeps our	Yes, just a fee, and it keeps our
3266	13	people	buyers
3266	19	Yeah, we'll -- we talk -- yeah, we'll talk back	Yes, we talk back
3266	20	seller on that as to, you	seller on that too.
3266	21	know, what they are going to agree upon for that. But	But
3266	23	going to be making the cheese, you know, and -- and	going to be making the cheese, and
3266	24	the customer -- you know the, the customer that they have	the customer.
3266	25-27		[delete line]
3267	3	Oh,	Yes
3267	16	That's -- in this whole discussion has been very	This whole discussion has been very
3267	17	interesting and -- for	Interesting for

3267	20	negative on the	negative on
3267	21	producer pay, you know or -- if we raise it, I could just	producer pay if we increase it, or I could just
3267	23	But if I do that, we're still taking -- you know	But if I do that,
3267	25	going to take care of their marginal costs, you know for	going to take care of their costs for
3268	1	that's going to you know as I said in my testimony, at	as I said in my testimony, at
3268	11	or	our
3268	26	Well in Wisconsin we still have -- I'll use	I'll use
3268	28	all my formative years. My father -- my family's been	all my formative years. My family's been
3269	2	and what you see if you look around communities,	and what you see if you look around is
3269	5	where	when
3269	7	that that happens because the livestock industry, dairy	that the livestock industry and dairy
3269	10	testimony, that -- so that the dollars get spent very much	testimony the dollars get spent
3269	22	Wisconsin is a about a 45 and a half billion dollar	Wisconsin is about a \$45.5 billion dollar
3269	23	industry for the state of Wisconsin, and that -- and I	industry for the state of Wisconsin. I
3269	25	Wisconsin motion would have all those things. But the	Wisconsin would have all that information. But the
3269	26	both in on-farm	both on-farm
3270	6	together with respect to -- on the fluid market side of	together with respect to the fluid market side of
3270	7	get the premiums	get premiums
3270	15	dissolve -- their -- we're in that process right now.	dissolve. We're in that process right now.
3271	14	Well, it all depends upon in the	Well, it all depends on
3271	15	Order, all depends where -- where all the numbers are at	where prices are at
3271	18	depool your milk. So, it's -- it depend upon -- you know,	depool your milk. So,
3271	20	where	the
3271	21	and -- and the formula	and the price formula
3271	26	By their milk buyer, yeah. So that them.	By their milk buyer, yes.
3272	3		[delete 'you know']

3272	5	things have they done an expansion. So,	things, if they have done an expansion. So,
3272	6		[delete 'Just --']
3272	7	you know might guess, I don't know, referring back to	might guess, I don't know, referring back to
3272	8		[delete 'you know']
3272	9	or price got high, Class III price was, you know, in the	got high, Class III price was at
3272	10	23, 24	\$23, \$24
3272	11	saying, Jeff, how come I -- my buyer only gave me 19 bucks	saying, how come my buyer only gave me \$19
3272	13	and so, I had to do my explanation on what	and so, I had to explain what
3272	14	depooling means and those kind of activities. And I	depooling means. And I
3272	15	said that's -- you know, that's their decision as to	Tell them that is your plant's decision as to
3272	16	whether they want to give you the 23 or the 19 but they	whether they want to pay you \$23 or \$19 per hundredweight but if they
3272	17	are not part of the federal order, so they can pay what	are not pooling on the federal order, they can pay what
3272	27	We -- we do not intervene as far as, you know, on	We do not intervene on
3272	28	what they are paying -- you know what a processor is	what a processor is paying. What a processor is
3273	1	paying the farmer, because like I said that is their --	paying the farmer is
3273	2	that's their business. Like I said I don't get involved	their business. Like I said I don't get involved
3273	6	-- you know	involved
3273	8		[delete 'you']
3273	9	know, tank calibrations and those kinds of things. So, it	tank calibrations. It
3273	10	could be on the farmer side or -- or the processor side	could be on the farmer side of not getting paid for all the milk being delivered or on the processor side where they are paying for more milk than they are receiving.
3273	11-12		[delete lines]
3274	5	That -- that -- to correct that, that would be --	I would be

3274	6	that would be more accurate to say Family Dairies, my	more accurate to say Family Dairies, my
3275	8	those sources and -- sources	those sources.
3275	13		[delete line]
3275	14	It -- in -- when you are -- let me try to explain a week	Let me try to explain a week
3275	16	Does the scheduling on a Thursday. So, we start	He does the scheduling on a Thursday. So, we start
3275	18	need, you know, and you would have a general idea of what	need, and he has a general idea of what
3275	20	as much, you know, demand is down we have going to shut	as much. Demand is down. We are going to shut
3275	26	know how much milk you are going to have to make	have to make
3275	27	phone calls. So that's when you gets around and you start	phone calls. So that's when he starts
