PART 1131 -- MILK IN ARIZONA–LAS VEGAS MARKETING AREA
Subpart -- Order Regulating Handling

GENERAL PROVISIONS

Sec.
1131.1 General provisions.

DEFINITIONS

1131.2 Arizona–Las Vegas marketing area.
1131.3 Route disposition.
1131.4 Plant.
1131.5 Distributing plant.
1131.6 Supply plant.
1131.7 Pool plant.
1131.8 Nonpool plant.
1131.9 Handler.
1131.10 Producer–handler.
1131.11 [Reserved]
1131.12 Producer.
1131.13 Producer milk.
1131.14 Other source milk.
1131.15 Fluid milk product.
1131.16 Fluid cream product.
1131.17 [Reserved]
1131.18 Cooperative association.
1131.19 Commercial food processing establishment.

HANDLER REPORTS

1131.30 Reports of receipts and utilization.
1131.31 Payroll reports.
1131.32 Other reports.

CLASSIFICATION OF MILK

1131.40 Classes of utilization.
1131.41 [Reserved]
1131.42 Classification of transfers and diversions.
1131.43 General classification rules.
1131.44 Classification of producer milk.
1131.45 Market administrator's reports and announcements concerning classification.

CLASS PRICES

1131.50 Class prices, component prices, and advanced pricing factors.
1131.51 Class I differential and price.
1131.52 Adjusted Class I differentials.
1131.53 Announcement of class prices, component prices, and
advanced pricing factors.
1131.54 Equivalent price.

UNIFORM PRICES
1131.60 Handler's value of milk.
1131.61 Computation of uniform prices.
1131.62 Announcement of uniform prices.

PAYMENTS FOR MILK
1131.70 Producer-settlement fund.
1131.71 Payments to the producer-settlement fund.
1131.72 Payments from the producer-settlement fund.
1131.73 Payments to producers and to cooperative associations.
1131.74 [Reserved]
1131.75 Plant location adjustments for producers and nonpool milk.
1131.76 Payments by a handler operating a partially regulated distributing plant.
1131.77 Adjustment of accounts.
1131.78 Charges on overdue accounts.

ADMINISTRATIVE ASSESSMENT AND MARKETING SERVICE DEDUCTION
1131.85 Assessment for order administration.
1131.86 Deduction for marketing services.

Subpart -- Order Regulating Handling
GENERAL PROVISIONS

§ 1131.1 General provisions.
The terms, definitions, and provisions in part 1000 of this chapter apply to this part 1131. In this part 1131, all references to sections in part 1000 refer to part 1000 of this chapter.

DEFINITIONS

§ 1131.2 Arizona-Las Vegas marketing area.
The marketing area means all territory within the bounds of the following states and political subdivisions, including all piers, docks and wharves connected therewith and all craft moored thereat, and all territory occupied by government (municipal, State or Federal) reservations, installations, institutions, or other similar establishments if any part thereof is within any of the listed states or political subdivisions:

Arizona
    All of the State of Arizona.
Nevada Counties
    Clark.
§ 1131.3 Route disposition.
See § 1000.3.

§ 1131.4 Plant.
See § 1000.4.

§ 1131.5 Distributing plant.
See § 1000.5.

§ 1131.6 Supply plant.
See § 1000.6.

§ 1131.7 Pool plant.

Pool Plant means a plant or unit of plants specified in paragraphs (a) through (e) of this section, but excluding a plant specified in paragraph (g) of this section. The pooling standards described in paragraphs (c) and (d) of this section are subject to modification pursuant to paragraph (f) of this section.

(a) A distributing plant, other than a plant qualified as a pool plant pursuant to paragraph (b) of this section or § ----.7(b) of any other Federal milk order, from which during the month 25 percent or more of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) are disposed of as route disposition or are transferred in the form of packaged fluid milk products to other distributing plants. At least 25 percent of such route disposition and transfers must be to outlets in the marketing area.

(b) Any distributing plant located in the marketing area which during the month processed at least 25 percent of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) into ultra-pasteurized or aseptically-processed fluid milk products.

(c) A supply plant from which 50 percent or more of the total quantity of milk that is physically received at such plant from dairy farmers and handlers described in § 1000.9(c), including milk that is diverted as producer milk to other plants, is transferred to pool distributing plants. Concentrated milk transferred from the supply plant to a distributing plant for an agreed-upon use other than Class I shall be excluded from the supply plant’s shipments in computing the plant’s shipping percentage.

(d) A plant located within the marketing area and operated by a cooperative association if, during the month, or the immediately preceding 12-month period ending with the current month, 35 percent or more of the producer milk of members of the association (and any producer milk of nonmembers and members of another cooperative association specified in paragraph (b) of this section) is disposed of as route disposition or is transferred in the form of packaged fluid milk products to other distributing plants.
association which may be marketed by the cooperative association) is physically received in the form of bulk fluid milk products (excluding concentrated milk transferred to a distributing plant for an agreed-upon use other than Class I) at plants specified in paragraph (a) or (b) of this section either directly from farms or by transfer from supply plants operated by the cooperative association and from plants of the cooperative association for which pool plant status has been requested under this paragraph subject to the following conditions:

1. The plant does not qualify as a pool plant under paragraph (a), (b) or (c) of this section or under comparable provisions of another Federal order; and
2. The plant is approved by a duly constituted regulatory agency for the handling of milk approved for fluid consumption in the marketing area.

(e) Two or more plants operated by the same handler and located in the marketing area may qualify for pool plant status as a unit by together meeting the requirements specified in paragraph (a) of this section and subject to all of the following additional requirements:

1. At least one of the plants in the unit must qualify as a pool plant pursuant to paragraph (a) of this section;
2. Other plants in the unit must process Class I or Class II products, using 50 percent or more of the total Grade A fluid milk products received in bulk form at such plant or diverted therefrom by the plant operator in Class I or Class II products, and must be located in a pricing zone providing the same or lower Class I price than the price applicable at the distributing plant included in the unit pursuant to paragraph (e)(1) of this section; and
3. A written request to form a unit must be filed by the handler with the market administrator prior to the first day of the month for which such status is desired to be effective. The unit shall continue from month to month thereafter without further notification. The handler shall notify the market administrator in writing prior to the first day of any month for which termination or any change of the unit is desired.

(f) The applicable shipping percentages of paragraphs (c) and (d) of this section may be increased or decreased by the market administrator if the market administrator finds that such adjustment is necessary to encourage needed shipments or to prevent uneconomic shipments. Before making such a finding, the market administrator shall investigate the need for adjustment either on the market administrator’s own initiative or at the request of interested parties if the request is made in writing at least 15 days prior to the month for which the requested revision is desired effective. If the investigation shows that an adjustment of the shipping percentages might be appropriate, the market administrator shall
issue a notice stating that an adjustment is being considered and invite data, views and arguments. Any decision to revise an applicable shipping percentage must be issued in writing at least one day before the effective date.

(g) The term pool plant shall not apply to the following plants:

1. A producer-handler as defined under any Federal order;
2. An exempt plant as defined in § 1000.8(e);
3. A plant located within the marketing area and qualified pursuant to paragraph (a) of this section which meets the pooling requirements of another Federal order, and from which more than 50 percent of its route disposition has been in the other Federal order marketing area for 3 consecutive months;
4. A plant located outside any Federal order marketing area and qualified pursuant to paragraph (a) of this section that meets the pooling requirements of another Federal order and has had greater route disposition in such other Federal order’s marketing area for 3 consecutive months;
5. A plant located in another Federal order marketing area and qualified pursuant to paragraph (a) of this section that meets the pooling requirements of such other Federal order and does not have a majority of its route distribution in this marketing area for 3 consecutive months or if the plant is required to be regulated under such other Federal order without regard to its route disposition in any other Federal order marketing area;
6. A plant qualified pursuant to paragraph (c) of this section which also meets the pooling requirements of another Federal order and from which greater qualifying shipments are made to plants regulated under the other Federal order than are made to plants regulated under the order in this part, or the plant has automatic pooling status under the other Federal order; and
7. That portion of a regulated plant designated as a nonpool plant that is physically separate and operated separately from the pool portion of such plant. The designation of a portion of a regulated plant as a nonpool plant must be requested in advance and in writing by the handler and must be approved by the market administrator.

§ 1131.8 Nonpool plant.
See § 1000.8.

§ 1131.9 Handler.
See § 1000.9.

§ 1131.10 Producer-handler.
Producer-handler means a person who:
(a) Operates a dairy farm and a distributing plant from which
there is route disposition in the marketing area during the month;

(b) Receives fluid milk products from own farm production or milk that is fully subject to the pricing and pooling provisions of the order in this part or another Federal order;
(c) Receives at its plant or acquires for route disposition no more than 150,000 pounds of fluid milk products from handlers fully regulated under any Federal order. This limitation shall not apply if the producer-handler’s own farm production is less than 150,000 pounds during the month;
(d) Disposes of no other source milk as Class I milk except by increasing the nonfat milk solids content of the fluid milk products;
(e) Does not distribute fluid milk products to a wholesale customer who also is serviced by a plant described in § 1131.7(a), (b), or (e), or a handler described in § 1000.8(c) that supplied the same product in the same-sized package with a similar label to the wholesale customer during the month; and
(f) Provides proof satisfactory to the market administrator that the care and management of the dairy animals and other resources necessary to produce all Class I milk handled (excluding receipts from handlers fully regulated under any Federal order) and the operation of the distributing plant are the personal enterprise of, and at the personal risk of, such person in his/her capacity as a producer-handler.

§ 1131.11 [Reserved]

§ 1131.12 Producer.

(a) Except as provided in paragraph (b) of this section, producer means any person who produces milk approved by a duly constituted regulatory agency for fluid consumption as Grade A milk and whose milk (or components of milk) is:
(1) Received at a pool plant directly from the producer or diverted by the plant operator in accordance with § 1131.13; or
(2) Received by a handler described in § 1000.9(c).
(b) Producer shall not include:
(1) A producer-handler as defined in any Federal order;
(2) A dairy farmer whose milk is received at an exempt plant, excluding producer milk diverted to the exempt plant pursuant to § 1131.13(d);
(3) A dairy farmer whose milk is received by diversion at a pool plant from a handler regulated under another Federal order if the other Federal order designates the dairy farmer as a producer under that order and that milk is allocated by request to a utilization other than Class I;
(4) A dairy farmer whose milk is reported as diverted to a plant fully regulated under another Federal order with respect to that portion of the milk so diverted that is assigned to Class I.
under the provisions of such other order; and

(5) A dairy farmer whose milk is received at a pool plant if during the month milk from the same farm is received at a nonpool plant (except a nonpool plant that has no utilization of milk products in any class other than Class III or Class IV) other than as producer milk under the order in this part or some other Federal order. Such a dairy farmer shall be known as a dairy farmer for other markets.

§ 1131.13 Producer milk.

Producer milk means the skim milk (or the skim equivalent of components of skim milk) and butterfat in milk of a producer that is:

(a) Received by the operator of a pool plant directly from a producer or a handler described in § 1000.9(c). All milk received pursuant to this paragraph shall be priced at the location of the plant where it is first physically received;

(b) Received by a handler described in § 1000.9(c) in excess of the quantity delivered to pool plants;

(c) Diverted by a pool plant operator to another pool plant. Milk so diverted shall be priced at the location of the plant to which diverted; or

(d) Diverted by the operator of a pool plant or a cooperative association described in § 1000.9(c) to a nonpool plant, subject to the following conditions:

(1) Milk of a dairy farmer shall not be eligible for diversion unless at least one day’s production of such dairy farmer is physically received at a pool plant during the month;

(2) The total quantity of milk diverted by a handler in any month shall not exceed 50 percent of the total producer milk caused by the handler to be received at pool plants and diverted;

(3) Diverted milk shall be priced at the location of the plant to which diverted;

(4) Any milk diverted in excess of the limits prescribed in paragraph (d)(2) of this section shall not be producer milk. If the diverting handler or cooperative association fails to designate the dairy farmers’ deliveries that are not to be producer milk, no milk diverted by the handler or cooperative association during the month to a nonpool plant shall be producer milk. In the event some of the milk of any producer is determined not to be producer milk pursuant to this paragraph, other milk delivered by such producer as producer milk during the month will not be subject to § 1131.12(b)(5); and

(5) The delivery day requirement in paragraph (d)(1) of this section and diversion percentage in paragraph (d)(2) of this section may be increased or decreased by the market administrator if the market administrator finds that such revision is necessary to assure orderly marketing and efficient handling of milk in the marketing area. Before making such a finding, the market administrator shall
investigate the need for the revision either on the market administrator’s own initiative or at the request of interested persons if the request is made in writing at least 15 days prior to the month for which the requested revision is desired effective. If the investigation shows that a revision might be appropriate, the market administrator shall issue a notice stating that the revision is being considered and inviting written data, views, and arguments. Any decision to revise the delivery day requirement or the diversion percentage must be issued in writing at least one day before the effective date.

§ 1131.14  Other source milk.
  See § 1000.14.

§ 1131.15  Fluid milk product.
  See § 1000.15.

§ 1131.16  Fluid cream product.
  See § 1000.16.

§ 1131.17  [Reserved]

§ 1131.18  Cooperative association.
  See § 1000.18.

§ 1131.19  Commercial food processing establishment.
  See § 1000.19.

HANDLER REPORTS

§ 1131.30  Reports of receipts and utilization.
  Each handler shall report monthly so that the market administrator’s office receives the report on or before the 7th day after the end of the month, in the detail and on the forms prescribed by the market administrator, as follows:
  (a) With respect to each of its pool plants, the quantities of skim milk and butterfat contained in or represented by:
      (1) Receipts of producer milk, including producer milk diverted by the reporting handler, from sources other than handlers described in § 1000.9(c);
      (2) Receipts of milk from handlers described in § 1000.9(c);
      (3) Receipts of fluid milk products and bulk fluid cream products from other pool plants;
      (4) Receipts of other source milk;
      (5) Inventories at the beginning and end of the month of fluid milk products and bulk fluid cream products; and
      (6) The utilization or disposition of all milk and milk products required to be reported pursuant to this paragraph.
(b) Each handler operating a partially regulated distributing plant shall report with respect to such plant in the same manner as prescribed for reports required by paragraph (a) of this section. Receipts of milk that would have been producer milk if the plant had been fully regulated shall be reported in lieu of producer milk. Such report shall show also the quantity of any reconstituted skim milk in route disposition in the marketing area.

(c) Each handler described in § 1000.9(c) shall report:

(1) The quantities of all skim milk and butterfat contained in receipts of milk from producers; and

(2) The utilization or disposition of all such receipts.

(d) Each handler described in § 1131.10 shall report:

(1) The pounds of milk received from each of the handler’s own-farm production units, showing separately the production of each farm unit and the number of dairy cows in production at each farm unit;

(2) Fluid milk products and bulk fluid cream products received at its plant or acquired for route disposition from pool plants, other order plants, and handlers described in § 1000.9(c);

(3) Receipts of other source milk not reported pursuant to paragraph (d)(2) of this section;

(4) Inventories at the beginning and end of the month of fluid milk products and fluid cream products; and

(5) The utilization or disposition of all milk and milk products required to be reported pursuant to this paragraph.

(e) Each handler not specified in paragraphs (a) through (d) of this section shall report with respect to its receipts and utilization of milk and milk products in such manner as the market administrator may prescribe.

§ 1131.31 Payroll reports.

(a) On or before the 20th day after the end of each month, each handler that operates a pool plant pursuant to § 1131.7 and each handler described in § 1000.9(c) shall report to the market administrator its producer payroll for such month, in the detail prescribed by the market administrator, showing for each producer:

(1) The month;

(2) The producer’s name and address;

(3) The daily and total pounds of milk received from the producer;

(4) The total butterfat content of such milk; and

(5) The price per hundredweight, the gross amount due, the amount and nature of any deductions, and the net amount paid.

(b) Each handler operating a partially regulated distributing plant who elects to make payment pursuant to § 1000.76(b) shall report for each dairy farmer who would have been a producer if the plant had been fully regulated in the same manner as prescribed for
§ 1131.32 Other reports.
In addition to the reports required pursuant to § 1131.30 and § 1131.31, each handler shall report any information the market administrator deems necessary to verify or establish each handler’s obligation under the order.

CLASSIFICATION OF MILK

§ 1131.40 Classes of utilization.
See § 1000.40.

§ 1131.41 [Reserved]

§ 1131.42 Classification of transfers and diversions.
See § 1000.42.

§ 1131.43 General classification rules.
See § 1000.43.

§ 1131.44 Classification of producer milk.
See § 1000.44.

§ 1131.45 Market administrator's reports and announcements concerning classification.
See § 1000.45.

CLASS PRICES

§ 1131.50 Class prices, component prices, and advanced pricing factors.
See § 1000.50.

§ 1131.51 Class I differential and price.
The Class I differential shall be the differential established for Maricopa County, Arizona, which is reported in § 1000.52. The Class I price shall be the price computed pursuant to § 1000.50(a) for Maricopa County, Arizona.

§ 1131.52 Adjusted Class I differentials.
See § 1000.52.

§ 1131.53 Announcement of class prices, component prices, and advanced pricing factors.
See § 1000.53.

§ 1131.54 Equivalent price.
See § 1000.54.
UNIFORM PRICES

§ 1131.60 Handler's value of milk.

For the purpose of computing a handler's obligation for producer milk, the market administrator shall determine for each month the value of milk of each handler with respect to each of the handler's pool plants and of each handler described in § 1000.9(c) with respect to milk that was not received at a pool plant by adding the amounts computed in paragraphs (a) through (e) of this section and subtracting from that total amount the value computed in paragraph (f) of this section. Receipts of nonfluid milk products that are distributed as labeled reconstituted milk for which payments are made to the producer-settlement fund of another Federal order under § 1000.76(a)(4) or (d) shall be excluded from pricing under this section.

(a) Multiply the pounds of skim milk and butterfat in producer milk that were classified in each class pursuant to § 1000.44(c) by the applicable skim milk and butterfat prices, and add the resulting amounts;

(b) Multiply the pounds of skim milk and butterfat overage assigned to each class pursuant to § 1000.44(a)(11) and the corresponding steps of § 1000.44(b) by the respective skim milk and butterfat prices applicable at the location of the pool plant;

(c) Multiply the difference between the current month's Class I, II, or III price, as the case may be, and the Class IV price for the preceding month by the hundredweight of skim milk and butterfat subtracted from Class I, II, or III, respectively, pursuant to § 1000.44(a)(7) and the corresponding step of § 1000.44(b);

(d) Multiply the difference between the Class I price applicable at the location of the pool plant and the Class IV price by the hundredweight of skim milk and butterfat assigned to Class I pursuant to § 1000.43(d) and the hundredweight of skim milk and butterfat subtracted from Class I pursuant to § 1000.44(a)(3)(i) through (vi) and the corresponding step of § 1000.44(b), excluding receipts of bulk fluid cream products from plants regulated under other Federal orders and bulk concentrated fluid milk products from pool plants, plants regulated under other Federal orders, and unregulated supply plants;

(e) Multiply the Class I price applicable at the location of the nearest unregulated supply plants from which an equivalent volume was received by the pounds of skim milk and butterfat in receipts of concentrated fluid milk products assigned to Class I pursuant to § 1000.43(d) and § 1000.44(a)(3)(i) and the corresponding steps of § 1000.44(b) and the pounds of skim milk and butterfat subtracted from Class I pursuant to § 1000.44(a)(8) and the corresponding step of § 1000.44(b), excluding such skim milk and butterfat in receipts of fluid milk products from an unregulated supply plant to the extent that an equivalent amount of skim milk or butterfat disposed of to
such plant by handlers fully regulated under any Federal milk order is classified and priced as Class I milk and is not used as an offset for any other payment obligation under any order; and

(f) For reconstituted milk made from receipts of nonfluid milk products, multiply $1.00 (but not more than the difference between the Class I price applicable at the location of the pool plant and the Class IV price) by the hundredweight of skim milk and butterfat contained in receipts of nonfluid milk products that are allocated to Class I use pursuant to § 1000.43(d).

§ 1131.61 Computation of uniform prices.

On or before the 11th day of each month, the market administrator shall compute a uniform butterfat price, a uniform skim milk price, and a uniform price for producer milk receipts reported for the prior month. The report of any handler who has not made payments required pursuant to § 1131.71 for the preceding month shall not be included in the computation of these prices, and such handler’s report shall not be included in the computation for succeeding months until the handler has made full payment of outstanding monthly obligations.

(a) Uniform butterfat price. The uniform butterfat price per pound, rounded to the nearest one-hundredth cent, shall be computed by multiplying the pounds of butterfat in producer milk allocated to each class pursuant to § 1000.44(b) by the respective class butterfat prices and dividing the sum of such values by the total pounds of such butterfat.

(b) Uniform skim milk price. The uniform skim milk price per hundredweight, rounded to the nearest cent, shall be computed as follows:

(1) Combine into one total the values computed pursuant to § 1131.60 for all handlers;
(2) Add an amount equal to the minus location adjustments and subtract an amount equal to the plus location adjustments computed pursuant to § 1131.75;
(3) Add an amount equal to not less than one-half of the unobligated balance in the producer-settlement fund;
(4) Subtract the value of the total pounds of butterfat for all handlers. The butterfat value shall be computed by multiplying the pounds of butterfat by the butterfat price computed in paragraph (a) of this section;
(5) Divide the resulting amount by the sum of the following for all handlers included in these computations:
   (i) The total skim pounds of producer milk; and
   (ii) The total skim pounds for which a value is computed pursuant to § 1131.60(e); and
(6) Subtract not less than 4 cents and not more than 5 cents.

(c) Uniform price. The uniform price per hundredweight,
rounded to the nearest cent, shall be the sum of the following:
   (1) Multiply the uniform butterfat price for the month pursuant to paragraph (a) of this section times 3.5 pounds of butterfat; and
   (2) Multiply the uniform skim milk price for the month pursuant to paragraph (b) of this section times .965.

§ 1131.62 Announcement of uniform prices.
On or before the 11th day after the end of the month, the market administrator shall announce the uniform prices for the month computed pursuant to § 1131.61.

PAYMENTS FOR MILK

§ 1131.70 Producer-settlement fund.
See § 1000.70.

§ 1131.71 Payments to the producer-settlement fund.
Each handler shall make payment to the producer-settlement fund in a manner that provides receipt of the funds by the market administrator no later than the 13th day after the end of the month (except as provided in § 1000.90). Payments due the market administrator shall be deemed not to have been made until the money owed has been received at the market administrator’s office, or deposited into the market administrator’s bank account. Payment shall be the amount, if any, by which the amount specified in paragraph (a) of this section exceeds the amount specified in paragraph (b) of this section:
   (a) The total value of milk to the handler for the month as determined pursuant to § 1131.60.
   (b) The sum of:
      (1) The value at the uniform prices for skim milk and butterfat, adjusted for plant location, of the handler’s receipts of producer milk; and
      (2) The value at the uniform price as adjusted pursuant to § 1131.75 applicable at the location of the plant from which received of other source milk for which a value is computed pursuant to § 1131.60(e).

§ 1131.72 Payments from the producer-settlement fund.
No later than the 14th day after the end of each month (except as provided in § 1000.90), the market administrator shall pay to each handler the amount, if any, by which the amount computed pursuant to § 1131.71(b) exceeds the amount computed pursuant to § 1131.71(a). If, at such time, the balance in the producer-settlement fund is insufficient to make all payments pursuant to this section, the market administrator shall reduce uniformly such payments and shall complete the payments as soon as the funds are available.
§ 1131.73 Payments to producers and to cooperative associations.

(a) Except as provided in paragraphs (b) and (c) of this section, each handler shall make payment to each producer from whom milk is received during the month as follows:

(1) **Partial Payment.** For each producer who has not discontinued shipments as of the 25th day of the month, payment shall be made so that it is received by the producer on or before the 27th day of each month (except as provided in § 1000.90) for milk received from such producer during the first 15 days of the month at not less than 1.3 times the lowest class price for the preceding month less proper deductions authorized in writing by the producer.

(2) **Final payment.** For milk received during the month, a payment computed as follows shall be made so that it is received by each producer one day after the payment date required in § 1131.72:

(i) Multiply the hundredweight of producer skim milk received times the uniform skim milk price for the month;

(ii) Multiply the pounds of producer butterfat received times the uniform butterfat price for the month;

(iii) Multiply the hundredweight of producer milk received times the plant location adjustment pursuant to § 1131.75; and

(iv) Add the amounts computed in paragraph (a)(2)(i), (ii), and (iii) of this section, and from that sum:

(A) Subtract the partial payment made pursuant to paragraph (a)(1) of this section;

(B) Subtract the deduction for marketing services pursuant to § 1000.86;

(C) Add or subtract for errors made in previous payments to the producer, subject to approval by the market administrator; and

(D) Subtract proper deductions authorized in writing by the producer.

(b) Two days prior to the dates on which partial and final payments are due pursuant to paragraph (a) of this section, each pool plant operator shall pay a cooperative association for milk received as follows:

(1) **Partial payment to a cooperative association for bulk milk received directly from producers’ farms.** For bulk milk (including the milk of producers who are not members of such association and who the market administrator determines have authorized the cooperative association to collect payment for their milk) received during the first 15 days of the month from a cooperative association in any capacity except as the operator of a pool plant, the payment shall be an amount not less than 1.3 times the lowest class price for the preceding month multiplied by the hundredweight of milk.

(2) **Partial payment to a cooperative association for milk transferred from its pool plant.** For bulk fluid milk products and bulk fluid cream products received during the first 15 days of the
month from a cooperative association in its capacity as the operator of a pool plant, the partial payment shall be at the pool plant operator’s estimated use value of the milk using the most recent class prices available for skim milk and butterfat at the receiving plant’s location.

(3) Final payment to a cooperative association for milk transferred from its pool plant. For bulk fluid milk products and bulk fluid cream products received during the month from a cooperative association in its capacity as the operator of a pool plant, the final payment shall be the classified value of such milk as determined by multiplying the pounds of skim milk and butterfat assigned to each class pursuant to § 1000.44 by the class prices for the month at the receiving plant’s location, and subtracting from this sum the partial payment made pursuant to paragraph (b)(2) of this section.

(4) Final payment to a cooperative association for bulk milk received directly from producers’ farms. For bulk milk received from a cooperative association during the month, including the milk of producers who are not members of such association and who the market administrator determines have authorized the cooperative association to collect payment for their milk, the final payment for such milk shall be an amount equal to the sum of the individual payments otherwise payable for such milk pursuant to paragraph (a)(2) of this section.

(c) If a handler has not received full payment from the market administrator pursuant to § 1131.72 by the payment date specified in paragraph (a) or (b) of this section, the handler may reduce pro rata his payments pursuant to such paragraphs, but by not more than the amount of such underpayment. Payments to producers shall be completed on the next scheduled payment date after receipt of the balance due from the market administrator.

(d) If a handler claims that a required payment to a producer cannot be made because the producer is deceased or cannot be located, or because the cooperative association or its lawful successor or assignee is no longer in existence, the payment shall be made to the producer-settlement fund. In the event the handler subsequently locates and pays the producer or a lawful claimant, or in the event that the handler no longer exists and a lawful claim is later established, the market administrator shall make the required payment from the producer-settlement fund to the handler or the lawful claimant, as the case may be.

(e) In making payments to producers pursuant to this section, each pool plant operator shall furnish each producer, except a producer whose milk was received from a cooperative association described in § 1000.9(a) or (c), a supporting statement in such form that it may be retained by the recipient which shall show:

(1) The month, and identity of the producer;
(2) The daily and total pounds and the total pounds of butterfat content of producer milk;
(3) The minimum rate at which payment to the producer is required pursuant to the order in this part;
(4) The rate used in making payments if the rate is other than the applicable minimum rate;
(5) The amount, rate per hundredweight, and nature of each deduction claimed by the handler; and
(6) The net amount of payment to the producer or cooperative association.

§ 1131.74  [Reserved]

§ 1131.75  Plant location adjustments for producers and nonpool milk.  For purposes of making payments for producer milk and nonpool milk, a plant location adjustment shall be determined by subtracting the Class I price specified in § 1131.51 from the Class I price at the plant’s location. The difference, plus or minus as the case may be, shall be used to adjust the payments required pursuant to §§ 1131.73 and 1000.76.

§ 1131.76  Payments by handler operating a partially regulated distributing plant.  See § 1000.76.

§ 1131.77  Adjustment of accounts.  See § 1000.77.

§ 1131.78  Charges on overdue accounts.  See § 1000.78.

ADMINISTRATIVE ASSESSMENT AND MARKETING SERVICE DEDUCTION

§ 1131.85  Assessment for order administration.  See § 1000.85.

§ 1131.86  Deduction for marketing services.  See § 1000.86.
