PART 1135 -- MILK IN THE WESTERN MARKETING AREA
Subpart -- Order Regulating Handling

GENERAL PROVISIONS

Sec.
1135.1 General provisions.

DEFINITIONS

1135.2 Western marketing area.
1135.3 Route disposition.
1135.4 Plant.
1135.5 Distributing plant.
1135.6 Supply plant.
1135.7 Pool plant.
1135.8 Nonpool plant.
1135.9 Handler.
1135.10 Producer-handler.
1135.11 Proprietary bulk tank handler.
1135.12 Producer.
1135.13 Producer milk.
1135.14 Other source milk.
1135.15 Fluid milk product.
1135.16 Fluid cream product.
1135.17 [Reserved]
1135.18 Cooperative association.
1135.19 Commercial food processing establishment.

HANDLER REPORTS

1135.30 Reports of receipts and utilization.
1135.31 Payroll reports.
1135.32 Other reports.

CLASSIFICATION OF MILK

1135.40 Classes of utilization.
1135.41 [Reserved]
1135.42 Classification of transfers and diversions.
1135.43 General classification rules.
1135.44 Classification of producer milk.
1135.45 Market administrator's reports and announcements concerning classification.

CLASS PRICES

1135.50 Class prices, component prices, and advanced pricing factors.
1135.51 Class I differential and price.
1135.52 Adjusted Class I differentials.
1135.53 Announcement of class prices, component prices, and
advanced pricing factors.
1135.54 Equivalent price.

PRODUCER PRICE DIFFERENTIAL
1135.60 Handler’s value of milk.
1135.61 Computation of producer price differential.
1135.62 Announcement of producer prices.

PAYMENTS FOR MILK
1135.70 Producer-settlement fund.
1135.71 Payments to the producer-settlement fund.
1135.72 Payments from the producer-settlement fund.
1135.73 Payments to producers and to cooperative associations.
1135.74 [Reserved]
1135.75 Plant location adjustments for producer milk and nonpool milk.
1135.76 Payments by a handler operating a partially regulated distributing plant.
1135.77 Adjustment of accounts.
1135.78 Charges on overdue accounts.

ADMINISTRATIVE ASSESSMENT AND MARKETING SERVICE DEDUCTION
1135.85 Assessment for order administration.
1135.86 Deduction for marketing services.

Subpart -- Order Regulating Handling
GENERAL PROVISIONS
§ 1135.1 General provisions.
The terms, definitions, and provisions in part 1000 of this chapter apply to this part 1135. In this part 1135, all references to sections in part 1000 refer to part 1000 of this chapter.

DEFINITIONS
§ 1135.2 Western marketing area.
The marketing area means all territory within the bounds of the following states and political subdivisions, including all piers, docks and wharves connected therewith and all craft moored theretof, and all territory occupied by government (municipal, State or Federal) reservations, installations, institutions, or other similar establishments if any part thereof is within any of the listed states or political subdivisions:

Idaho Counties
Nevada Counties
Elko, Lincoln, and White Pine.

Oregon Counties
Baker, Grant, Harney, Malheur, and Union.

Utah
All of the State of Utah.

Wyoming Counties
Lincoln and Uinta.

§ 1135.3 Route disposition.
See § 1000.3.

§ 1135.4 Plant.
See § 1000.4.

§ 1135.5 Distributing plant.
See § 1000.5.

§ 1135.6 Supply plant.
See § 1000.6.

§ 1135.7 Pool plant.
Pool Plant means a plant or unit of plants specified in paragraphs (a) through (e) of this section, but excluding a plant specified in paragraph (g) of this section. The pooling standards described in paragraphs (c) and (d) of this section are subject to modification pursuant to paragraph (f) of this section.

(a) A distributing plant, other than a plant qualified as a pool plant pursuant to paragraph (b) of this section or § ----.7(b) of any other Federal milk order, from which during the month 25 percent or more of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) are disposed of as route disposition or are transferred in the form of packaged fluid milk products to other distributing plants. At least 25 percent of such route disposition and transfers must be to outlets in the marketing area.

(b) Any distributing plant located in the marketing area which during the month processed at least 25 percent of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) into ultra-pasteurized or aseptically-processed fluid milk products.

(c) A supply plant from which during the month the quantity of bulk fluid milk products transferred or diverted to plants described in paragraph (a) or (b) of this section is 35 percent or more of the total Grade A milk received at the plant from dairy farmers (except
dairy farmers described in § 1135.12(b)) and handlers described in § 1000.9(c) and § 1135.11, including milk diverted by the plant operator, subject to the following conditions:

(1) A supply plant that has qualified as a pool plant during each of the immediately preceding months of September through February shall continue to so qualify in each of the following months of March through August unless the plant operator files a written request with the market administrator that such plant not be a pool plant, such nonpool status to be effective the first month following such request. A plant withdrawn from pool supply plant status may not be reinstated for any subsequent month of the March through July period unless it qualifies as a pool plant on the basis of milk shipments;

(2) A pool plant operator may include as qualifying shipments milk diverted to pool distributing plants pursuant to § 1135.13(c);

(3) Concentrated milk transferred from the supply plant to a distributing plant for an agreed-upon use other than Class I shall be excluded from the supply plant’s shipments in computing the plant’s shipping percentage; and

(4) No plant may qualify as a pool plant due to a reduction in the shipping percentage pursuant to paragraph (f) of this section unless it has been a pool supply plant during each of the immediately preceding 3 months.

(d) A milk manufacturing plant located within the marketing area that is operated by a cooperative association if, during the month or the immediately preceding 12-month period ending with the current month, 35% or more of such cooperative’s member producer milk (and any producer milk of nonmembers and members of another cooperative association which may be marketed by the cooperative association) is physically received in the form of bulk fluid milk products (excluding concentrated milk transferred to a distributing plant for an agreed-upon use other than Class I) at plants specified in paragraph (a) or (b) of this section either directly from farms or by transfer from supply plants operated by the cooperative association and from plants of the cooperative association for which pool plant status has been requested under this paragraph subject to the following conditions:

(1) The plant does not qualify as a pool plant under paragraph (a), (b) or (c) of this section or under comparable provisions of another Federal order; and

(2) The plant is approved by a duly constituted regulatory agency for the handling of milk approved for fluid consumption in the marketing area.

(e) Two or more plants located in the marketing area and operated by the same handler may qualify for pool plant status as a unit by together meeting the requirements specified in paragraph (a) of this section and subject to the following additional requirements:
(1) At least one of the plants in the unit must individually qualify as a pool plant pursuant to paragraph (a) of this section;
(2) Other plants in the unit must process Class I or Class II products, using 50 percent or more of the total Grade A fluid milk products received in bulk form at such plant or diverted therefrom by the plant operator in Class I or Class II products, and must be located in a pricing zone providing the same or a lower Class I price than the price applicable at the distributing plant included in the unit pursuant to paragraph (e)(1) of this section; and
(3) A written request to form a unit must be filed by the handler with the market administrator prior to the first day of the month for which such status is to be effective. The unit shall continue from month to month thereafter without further notification. The handler shall notify the market administrator in writing prior to the first day of any month for which termination or any change of the unit is desired.

(f) The applicable shipping percentages of paragraphs (c) and (d) of this section may be increased or decreased by the market administrator if the market administrator finds that such adjustment is necessary to encourage needed shipments or to prevent uneconomic shipments. Before making such a finding, the market administrator shall investigate the need for adjustment either on the market administrator’s own initiative or at the request of interested parties if the request is made in writing at least 15 days prior to the month for which the requested revision is desired effective. If the investigation shows that an adjustment of the shipping percentages might be appropriate, the market administrator shall issue a notice stating that an adjustment is being considered and invite data, views and arguments. Any decision to revise an applicable shipping percentage must be issued in writing at least one day before the effective date.

(g) The term pool plant shall not apply to the following plants:
(1) A producer-handler as defined under any Federal order;
(2) An exempt plant as defined in 1000.8(e);
(3) A plant located within the marketing area and qualified pursuant to paragraph (a) of this section which meets the pooling requirements of another Federal order, and from which more than 50 percent of its route disposition has been in the other Federal order marketing area for 3 consecutive months;
(4) A plant located outside any Federal order marketing area and qualified pursuant to paragraph (a) of this section that meets the pooling requirements of another Federal order and has had greater route disposition in such other Federal order’s marketing area for 3 consecutive months;
(5) A plant located in another Federal order marketing area and qualified pursuant to paragraph (a) of this section that meets
the pooling requirements of such other Federal order and does not have a majority of its route distribution in this marketing area for 3 consecutive months or if the plant is required to be regulated under such other Federal order without regard to its route disposition in any other Federal order marketing area;

(6) A plant qualified pursuant to paragraph (c) of this section which also meets the pooling requirements of another Federal order and from which greater qualifying shipments are made to plants regulated under the other Federal order than are made to plants regulated under the order in this part, or the plant has automatic pooling status under the other Federal order; and

(7) That portion of a regulated plant designated as a nonpool plant that is physically separate and operated separately from the pool portion of such plant. The designation of a portion of a regulated plant as a nonpool plant must be requested in advance and in writing by the handler and must be approved by the market administrator.

§ 1135.8 Nonpool plant.

See § 1000.8.

§ 1135.9 Handler.

In addition to the handlers defined in § 1000.9, handler shall include a person meeting the standards set forth in § 1135.11.

§ 1135.10 Producer-handler.

Producer-handler means a person who:

(a) Operates a dairy farm and a distributing plant from which there is route disposition in the marketing area during the month;

(b) Receives fluid milk products from own farm production or milk that is fully subject to the pricing and pooling provisions of the order in this part or another Federal order;

(c) Receives at its plant or acquires for route disposition no more than 150,000 pounds of fluid milk products from handlers fully regulated under any Federal order. This limitation shall not apply if the producer-handler’s own farm production is less than 150,000 pounds during the month;

(d) Disposes of no other source milk as Class I milk except by increasing the nonfat milk solids content of the fluid milk products; and

(e) Provides proof satisfactory to the market administrator that the care and management of the dairy animals and other resources necessary to produce all Class I milk handled (excluding receipts from handlers fully regulated under any Federal order) and the processing and packaging operations are the producer-handler’s own enterprise and are operated at its own risk.
§ 1135.11 Proprietary bulk tank handler.

Any person, except a cooperative association, with respect to milk that it receives for its account from the farm of a producer in a tank truck owned and operated by, or under the control of, such person and which is delivered during the month for the account of such person to the pool plant of another handler or diverted pursuant to § 1135.13, subject to the following conditions:

(a) Such person must operate a plant located in the marketing area at which milk is processed only into Class II, Class III, or Class IV products; and

(b) Prior to operating as a handler pursuant to this paragraph, such person must submit to the marker administrator a statement signed by the applicant and the operator of the pool plant to which the milk will be delivered specifying that the applicant will be the responsible handler for the milk.

§ 1135.12 Producer.

(a) Except as provided in paragraph (b) of this section, producer means any person who produces milk approved by a duly constituted regulatory agency for fluid consumption as Grade A milk and whose milk (or components of milk) is:

(1) Received at a pool plant directly from the producer or diverted by the plant operator in accordance with § 1135.13; or

(2) Received by a handler described in § 1000.9(c) or § 1135.11.

(b) Producer shall not include:

(1) A producer-handler as defined in any Federal order;

(2) A dairy farmer whose milk is delivered to an exempt plant, excluding producer milk diverted to the exempt plant pursuant to § 1135.13(d);

(3) A dairy farmer whose milk is diverted to a pool plant by a handler regulated under another Federal order if the other Federal order designates the dairy farmer as a producer under that order and that milk is allocated by request to a utilization other than Class I;

(4) A dairy farmer whose milk is reported as diverted to a plant fully regulated under another Federal order with respect to that portion of the milk so diverted that is assigned to Class I under the provisions of such other order; and

(5) A dairy farmer whose milk was received at a nonpool plant during the month from the same farm (except a nonpool plant that has no utilization of milk products in any Class other than Class III or Class IV) as other than producer milk under the order in this part or any other Federal order. Such a dairy farmer shall be known as a dairy farmer for other markets.

§ 1135.13 Producer milk.
Producer milk means the skim milk (or the skim equivalent of components of skim milk), including nonfat components, and butterfat in milk of a producer that is:

(a) Received by the operator of a pool plant directly from a producer, a handler described in § 1000.9(c), or a handler described in § 1135.11. All milk received pursuant to this paragraph shall be priced at the location of the plant where it is first physically received;

(b) Received by a handler described in § 1000.9(c) or in § 1135.11 in excess of the quantity delivered to pool plants;

(c) Diverted by a pool plant operator to another pool plant. Milk so diverted shall be priced at the location of the plant to which diverted; or

(d) Diverted by the operator of a pool plant, a cooperative association described in § 1000.9(c), or a proprietary bulk tank handler described in § 1135.11, to a nonpool plant, subject to the following conditions:

1. Milk of a dairy farmer shall not be eligible for diversion unless at least one day’s milk production of such dairy farmer has been physically received as producer milk at a pool plant and the dairy farmer has continuously retained producer status since that time. If a dairy farmer loses producer status under the order in this part (except as a result of a temporary loss of Grade A approval), the dairy farmer’s milk shall not be eligible for diversion until one day’s milk production has been physically received as producer milk at a pool plant;

2. Of the quantity of producer milk received during the month (including diversions) the handler diverts to nonpool plants not more than 90 percent;

3. Two or more handlers described in § 1000.9(c) may have their allowable diversions computed on the basis of their combined deliveries of producer milk which they caused to be delivered to pool plants or diverted during the month if each has filed a request in writing with the market administrator before the first day of the month the agreement is to be effective. The request shall specify the basis for assigning overdiverted milk to the producer deliveries of each according to a method approved by the market administrator.

4. Diverted milk shall be priced at the location of the plant to which diverted;

5. Any milk diverted in excess of the limits prescribed in paragraph (d)(2) of this section shall not be producer milk. If the diverting handler, cooperative association, or proprietary bulk tank handler fails to designate the dairy farmers’ deliveries that are not to be producer milk, no milk diverted by the handler, cooperative association, or proprietary bulk tank handler during the month to a nonpool plant shall be producer milk. In the event some of the milk of any producer is determined not to be producer milk pursuant to
this paragraph, other milk delivered by such producer as producer milk during the month will not be subject to § 1135.12(b)(5); and

(6) The delivery day requirement in paragraph (d)(1) and the diversion percentage in paragraph (d)(2) of this section may be increased or decreased by the market administrator if the market administrator finds that such revision is necessary to assure orderly marketing and efficient handling of milk in the marketing area. Before making such a finding, the market administrator shall investigate the need for the revision either on the market administrator’s own initiative or at the request of interested persons if the request is made in writing at least 15 days prior to the month for which the requested revision is desired effective. If the investigation shows that a revision might be appropriate, the market administrator shall issue a notice stating that the revision is being considered and inviting written data, views, and arguments. Any decision to revise the delivery day requirement or the diversion percentage must be issued in writing at least one day before the effective date.

§ 1135.14 Other source milk.
See § 1000.14.

§ 1135.15 Fluid milk product.
See § 1000.15.

§ 1135.16 Fluid cream product.
See § 1000.16.

§ 1135.17 [Reserved]

§ 1135.18 Cooperative association.
See § 1000.18.

§ 1135.19 Commercial food processing establishment.
See § 1000.19.

HANDLER REPORTS

§ 1135.30 Reports of receipts and utilization.
Each handler shall report monthly so that the market administrator receives the report on or before the 7th day after the end of each month, in the detail and on the forms prescribed by the market administrator, as follows:

(a) Each handler that operates a pool plant pursuant to § 1135.7 shall report for each of its operations the following information:

(1) Product pounds, pounds of butterfat, pounds of protein, and pounds of solids-not-fat other than protein (other solids),
contained in or represented by:
(i) Receipts of producer milk, including producer milk
diverted by the reporting handler, from sources other than handlers
described in § 1000.9(c) and § 1135.11; and
(ii) Receipts of milk from handlers described in § 1000.9(c)
and § 1135.11;
(2) Product pounds and pounds of butterfat contained in:
(i) Receipts of fluid milk products and bulk fluid cream
products from other pool plants;
(ii) Receipts of other source milk; and
(iii) Inventories at the beginning and end of the month of
fluid milk products and bulk fluid cream products;
(3) The utilization or disposition of all milk and milk
products required to be reported pursuant to this paragraph; and
(4) Such other information with respect to the receipts and
utilization of skim milk, butterfat, milk protein, and other nonfat
solids, as the market administrator may prescribe.

(b) Each handler operating a partially regulated distributing
plant shall report with respect to such plant in the same manner as
prescribed for reports required by paragraph (a) of this section.
Receipts of milk that would have been producer milk if the plant had
been fully regulated shall be reported in lieu of producer milk. The
report shall show also the quantity of any reconstituted skim milk in
route disposition in the marketing area.

(c) Each handler described in §§ 1000.9(c) or 1135.11 shall
report:
(1) The product pounds, pounds of butterfat, pounds of
protein, and the pounds of solids-not-fat other than protein (other
solids) contained in receipts of milk from producers; and
(2) The utilization or disposition of such receipts.

(d) Each handler not specified in paragraphs (a) through (c)
of this section shall report with respect to its receipts and
utilization of milk and milk products in such manner as the market
administrator may prescribe.

§ 1135.31 Payroll reports.
(a) On or before the 21st day after the end of each month, each
handler that operates a pool plant pursuant to § 1135.7 and each
handler described in § 1000.9(c) and in § 1135.11 shall report to the
market administrator its producer payroll for the month, in the
detail prescribed by the market administrator, showing for each
producer the information described in § 1135.73(e).

(b) Each handler operating a partially regulated distributing
plant who elects to make payment pursuant to § 1000.76(b) shall
report for each dairy farmer who would have been a producer if the
plant had been fully regulated in the same manner as prescribed for
reports required by paragraph (a) of this section.
§ 1135.32 Other reports.
In addition to the reports required pursuant to §§ 1135.30 and 1135.31, each handler shall report any information the market administrator deems necessary to verify or establish each handler’s obligation under the order.

CLASSIFICATION OF MILK

§ 1135.40 Classes of utilization.
See § 1000.40.

§ 1135.41 [Reserved]

§ 1135.42 Classification of transfers and diversions.
See § 1000.42.

§ 1135.43 General classification rules.
See § 1000.43.

§ 1135.44 Classification of producer milk.
See § 1000.44.

§ 1135.45 Market administrator's reports and announcements concerning classification.
See § 1000.45.

CLASS PRICES

§ 1135.50 Class prices, component prices, and advanced pricing factors.
See § 1000.50.

§ 1135.51 Class I differential and price.
The Class I differential shall be the differential established at Salt Lake County, Utah, which is reported in § 1000.52. The Class I price shall be the price computed pursuant to § 1000.50(a) for Salt Lake County, Utah.

§ 1135.52 Adjusted Class I differentials.
See § 1000.52.

§ 1135.53 Announcement of class prices, component prices, and advanced pricing factors.
See § 1000.53.

§ 1135.54 Equivalent price.
See § 1000.54.
§ 1135.60 Handler’s value of milk.

For the purpose of computing a handler’s obligation for producer milk, the market administrator shall determine for each month the value of milk of each handler with respect to each of the handler's pool plants, and of each handler described in § 1000.9(c) and each handler described in § 1135.11, with respect to milk that was not received at a pool plant, by adding the amounts computed in paragraphs (a) through (h) of this section and subtracting from that total amount the value computed in paragraph (i) of this section. Unless otherwise specified, the skim milk, butterfat, and the combined pounds of skim milk and butterfat referred to in this section shall result from the steps set forth in § 1000.44(a), (b), and (c), respectively, and the nonfat components of producer milk in each class shall be based upon the proportion of such nonfat components in producer skim milk. Receipts of nonfluid milk products that are distributed as labeled reconstituted milk for which payments are made to the producer-settlement fund of another Federal order under § 1000.76(a)(4) or (d) shall be excluded from pricing under this section.

(a) Class I value.
   (1) Multiply the hundredweight of skim milk in Class I by the Class I skim milk price; and
   (2) Add an amount obtained by multiplying the pounds of butterfat in Class I by the Class I butterfat price.

(b) Class II value.
   (1) Multiply the pounds of nonfat solids in Class II skim milk by the Class II nonfat solids price; and
   (2) Add an amount obtained by multiplying the pounds of butterfat in Class II times the Class II butterfat price.

(c) Class III value.
   (1) Multiply the pounds of protein in Class III skim milk by the protein price;
   (2) Add an amount obtained by multiplying the pounds of other solids in Class III skim milk by the other solids price; and
   (3) Add an amount obtained by multiplying the pounds of butterfat in Class III by the butterfat price.

(d) Class IV value.
   (1) Multiply the pounds of nonfat solids in Class IV skim milk by the nonfat solids price; and
   (2) Add an amount obtained by multiplying the pounds of butterfat in Class IV by the butterfat price.

(e) Multiply the pounds of skim milk and butterfat overage assigned to each class pursuant to § 1000.44(a)(11) and the corresponding step of § 1000.44(b) by the skim milk prices and butterfat prices applicable to each class.

(f) Multiply the difference between the current month’s Class
I, II, or III price, as the case may be, and the Class IV price for the preceding month by the hundredweight of skim milk and butterfat subtracted from Class I, II, or III, respectively, pursuant to § 1000.44(a)(7) and the corresponding step of § 1000.44(b);

(g) Multiply the difference between the Class I price applicable at the location of the pool plant and the Class IV price by the hundredweight of skim milk and butterfat assigned to Class I pursuant to § 1000.43(d) and the hundredweight of skim milk and butterfat subtracted from Class I pursuant to § 1000.44(a)(3)(i) through (vi) and the corresponding step of § 1000.44(b), excluding receipts of bulk fluid cream products from plants regulated under other Federal orders and bulk concentrated fluid milk products from pool plants, plants regulated under other Federal orders, and unregulated supply plants.

(h) Multiply the difference between the Class I price applicable at the location of the nearest unregulated supply plants from which an equivalent volume was received and the Class III price by the pounds of skim milk and butterfat in receipts of concentrated fluid milk products assigned to Class I pursuant to § 1000.43(d) and § 1000.44(a)(3)(i) and the corresponding step of § 1000.44(b) and the pounds of skim milk and butterfat subtracted from Class I pursuant to § 1000.44(a)(8) and the corresponding step of § 1000.44(b), excluding such skim milk and butterfat in receipts of fluid milk products from an unregulated supply plant to the extent that an equivalent amount of skim milk or butterfat disposed of to such plant by handlers fully regulated under any Federal milk order is classified and priced as Class I milk and is not used as an offset for any other payment obligation under any order.

(i) For reconstituted milk made from receipts of nonfluid milk products, multiply $1.00 (but not more than the difference between the Class I price applicable at the location of the pool plant and the Class IV price) by the hundredweight of skim milk and butterfat contained in receipts of nonfluid milk products that are allocated to Class I use pursuant to § 1000.43(d).

§ 1135.61 Computation of producer price differential.

For each month the market administrator shall compute a producer price differential per hundredweight. The report of any handler who has not made payments required pursuant to § 1135.71 for the preceding month shall not be included in the computation of the producer price differential, and such handler’s report shall not be included in the computation for succeeding months until the handler has made full payment of outstanding monthly obligations. Subject to the conditions of this paragraph, the market administrator shall compute the producer price differential in the following manner:

(a) Combine into one total the values computed pursuant to § 1135.60 for all handlers required to file reports prescribed in
§ 1135.30;
(b) Subtract the total values obtained by multiplying each handler's total pounds of protein, other solids, and butterfat contained in the milk for which an obligation was computed pursuant to § 1135.60 by the protein price, the other solids price, and the butterfat price, respectively;
(c) Add an amount equal to the minus location adjustments and subtract an amount equal to the plus location adjustments computed pursuant to § 1135.75;
(d) Add an amount equal to not less than one-half of the unobligated balance in the producer-settlement fund;
(e) Divide the resulting amount by the sum of the following for all handlers included in these computations:
(1) The total hundredweight of producer milk; and
(2) The total hundredweight for which a value is computed pursuant to § 1135.60(h); and
(f) Subtract not less than 4 cents nor more than 5 cents from the price computed pursuant to paragraph (e) of this section. The result shall be known as the producer price differential for the month.

§ 1135.62 Announcement of producer prices.
On or before the 12th day after the end of each month, the market administrator shall announce publicly the following prices and information:
(a) The producer price differential;
(b) The protein price;
(c) The nonfat solids price;
(d) The other solids price;
(e) The butterfat price;
(f) [Reserved]
(g) The average butterfat, protein, nonfat solids, and other solids content of producer milk; and
(h) The statistical uniform price for milk containing 3.5 percent butterfat, computed by combining the Class III price and the producer price differential.

PAYMENTS FOR MILK

§ 1135.70 Producer-settlement fund.
See § 1000.70.

§ 1135.71 Payments to the producer-settlement fund.
Each handler shall make payment to the producer-settlement fund in a manner that provides receipt of the funds by the market administrator no later than the 14th day after the end of the month (except as provided in § 1000.90). Payment shall be the amount, if any, by which the amount specified in paragraph (a) of this section
exceeds the amount specified in paragraph (b) of this section:

(a) The total value of milk to the handler for the month as
determined pursuant to § 1135.60.
(b) The sum of:
   (1) An amount obtained by multiplying the total hundredweight
   of producer milk as determined pursuant to § 1000.44(c) by the
   producer price differential as adjusted pursuant to § 1135.75;
   (2) An amount obtained by multiplying the total pounds of
   protein, other solids, and butterfat contained in producer milk by
   the protein, other solids, and butterfat prices respectively;
   (3) [Reserved]
   (4) An amount obtained by multiplying the pounds of skim milk
   and butterfat for which a value was computed pursuant to § 1135.60(h)
   by the producer price differential as adjusted pursuant to § 1135.75
   for the location of the plant from which received.

§ 1135.72 Payments from the producer-settlement fund.

No later than the 15th day after the end of each month (except
as provided in § 1000.90), the market administrator shall pay to each
handler the amount, if any, by which the amount computed pursuant to
§ 1135.71(b) exceeds the amount computed pursuant to § 1135.71(a).
If, at such time, the balance in the producer-settlement fund is
insufficient to make all payments pursuant to this section, the
market administrator shall reduce uniformly such payments and shall
complete the payments as soon as the funds are available.

§ 1135.73 Payments to producers and to cooperative associations.

(a) Except as provided in paragraph (b) of this section, each
handler shall make payment to each producer from whom milk is
received during the month as follows:
   (1) Partial Payment. On or before the 25th day of each month
   (except as provided in § 1000.90) to each producer an amount not less
   than 1.2 times the lowest class price for the preceding month
   multiplied by the hundredweight of milk received from such producer
during the first 15 days of the month, less proper deductions
authorized in writing by such producer to be made from payments due
pursuant to this paragraph.
   (2) Final Payment. On or before the 17th day of the following
   month (except as provided in § 1000.90), not less than an amount
   computed by the sum of the following:
      (i) The hundredweight of producer milk received times the
      producer price differential for the month as adjusted pursuant to §
      1135.75;
      (ii) The pounds of butterfat in producer milk received times
      the butterfat price for the month;
      (iii) The pounds of protein in producer milk received times
      the protein price for the month;
(iv) The pounds of other solids in producer milk received times the other solids price for the month;
(v) [Reserved]
(vi) Less any payments made pursuant to paragraph (a)(1) of this section;
(vii) Less proper deductions authorized in writing by such producer and plus or minus adjustments for errors in previous payments to such producer subject to approval by the market administrator; and
(viii) Less deductions made for marketing service pursuant to § 1000.86.

(b) One day prior to the dates on which partial and final payments are due pursuant to paragraph (a) of this section, each pool plant operator shall pay a cooperative association for milk received as follows:

(1) **Partial payment to a cooperative association for bulk milk received directly from producers’ farms.** For bulk milk (including the milk of producers who are not members of such association and who the market administrator determines have authorized the cooperative association to collect payment for their milk) received during the first 15 days of the month from a cooperative association in any capacity, except as the operator of a pool plant, the payment shall be an amount not less than 1.2 times the lowest class price for the preceding month multiplied by the hundredweight of milk.

(2) **Partial payment to a cooperative association for milk transferred from its pool plant.** For bulk fluid milk products and bulk fluid cream products received during the first 15 days of the month from a cooperative association in its capacity as the operator of a pool plant, the partial payment shall be at the pool plant operator’s estimated use value of the milk using the most recent class prices available at the receiving plant’s location.

(3) **Final payment to a cooperative association for milk transferred from its pool plant.** For the total quantity of bulk fluid milk products and bulk fluid cream products received from a cooperative association in its capacity as the operator of a pool plant, the final payment shall be at not less than the total value of such products received from the association’s pool plants, as determined by multiplying the respective quantities assigned to each class under § 1000.44, as follows:

   (i) The hundredweight of Class I skim milk times the Class I skim milk price for the month plus the pounds of Class I butterfat times the Class I butterfat price for the month. The Class I prices to be used shall be the prices effective at the location of the receiving plant;

   (ii) The pounds of nonfat solids in Class II skim milk by the Class II nonfat solids price;

   (iii) The pounds of butterfat in Class II times the Class II
(iv) The pounds of nonfat solids in Class IV times the nonfat solids price;
(v) The pounds of butterfat in Class III and Class IV milk times the butterfat price;
(vi) The pounds of protein in Class III milk times the protein price;
(vii) The pounds of other solids in Class III milk times the other solids price; and
(viii) Add together the amounts computed in paragraphs (b)(3)(i) through (vii) of this section and from that sum deduct any payment made pursuant to paragraph (b)(1) of this section.

(4) Final payment to a cooperative association for bulk milk received directly from producers' farms. For bulk milk received from a cooperative association during the month, including the milk of producers who are not members of such association and who the market administrator determines have authorized the cooperative association to collect payment for their milk, the final payment for such milk shall be an amount equal to the sum of the individual payments otherwise payable for such milk pursuant to paragraph (a)(2) of this section.

(c) If a handler has not received full payment from the market administrator pursuant to § 1135.72 by the payment date specified in paragraph (a) or (b) of this section, the handler may reduce pro rata its payments to producers or to the cooperative association by not more than the amount of such underpayment. The payments shall be completed on the next scheduled payment date after receipt of the balance due from the market administrator.

(d) If a handler claims that a required payment to a producer cannot be made because the producer is deceased or cannot be located, or because the cooperative association or its lawful successor or assignee is no longer in existence, the payment shall be made to the producer settlement fund, and in the event the handler subsequently locates and pays the producer or a lawful claimant, or in the event that the handler no longer exists and a lawful claim is later established, the market administrator shall make the required payment from the producer-settlement fund to the handler or to the lawful claimant, as the case may be.

(e) In making payments to producers pursuant to this section, each handler shall furnish each producer, except a producer whose milk was received from a cooperative association handler described in § 1000.9(a) or (c), a supporting statement in a form that may be retained by the recipient which shall show:

(1) The name, address, Grade A identifier assigned by a duly constituted regulatory agency, and payroll number of the producer;
(2) The daily and total pounds, and the month and dates such milk was received from that producer;
(3) The total pounds of butterfat, protein, and other solids contained in the producer’s milk;
(4) [Reserved]
(5) The minimum rate or rates at which payment to the producer is required pursuant to the order in this part;
(6) The rate used in making payment if the rate is other than the applicable minimum rate;
(7) The amount, or rate per hundredweight, or rate per pounds of component, and the nature of each deduction claimed by the handler; and
(8) The net amount of payment to the producer or cooperative association.

§ 1135.74 [Reserved]

§ 1135.75 Plant location adjustments for producer milk and nonpool milk.
For purposes of making payments for producer milk and nonpool milk, a plant location adjustment shall be determined by subtracting the Class I price specified in § 1135.51 from the Class I price at the plant’s location. The difference, plus or minus as the case may be, shall be used to adjust the payments required pursuant to §§ 1135.73 and 1000.76.

§ 1135.76 Payments by a handler operating a partially regulated distributing plant.
See § 1000.76.

§ 1135.77 Adjustment of accounts.
See § 1000.77.

§ 1135.78 Charges on overdue accounts.
See § 1000.78.

ADMINISTRATIVE ASSESSMENT AND MARKETING SERVICE DEDUCTION
§ 1135.85 Assessment for order administration.
See § 1000.85.

§ 1135.86 Deduction for marketing services.
See § 1000.86.
