Dealer (includes wholesalers, jobbers, distributors, and growers who market produce grown by others) means any person engaged in the business of buying or selling in wholesale or jobbing quantities, as defined by the Secretary, any perishable agricultural commodity in interstate or foreign commerce. A person who buys potatoes for canning or processing is a dealer whether the potatoes are purchased within the state or in interstate or foreign commerce.

Interstate or Foreign Commerce means all transactions involving fresh and frozen fruits and vegetables which move between states, and/or other countries and the U.S.

Wholesale or Jobbing Quantities means aggregate quantities of all types of produce totaling one ton (2,000 pounds) or more in weight in any day shipped, received, or contracted to be shipped or received

Branch or Additional Business Facility means an office or outlet in a location other than that of the principal or main office of a firm, out of which or through which the firm purchases, sells, negotiates contracts, solicits, or handles consignments, or otherwise contracts in perishable agricultural commodities including seasonal, part-time and full-time operations.

The following are definitions of the types of dealers, brokers and commission merchants that are required to have a PACA license.

Wholesaler , see Dealer (above)

Foodservice is a dealer that purchases and sells fresh and/or frozen fruits and vegetables in interstate or foreign commerce for distribution to restaurants, institutions, convenience stores, etc. These operations commonly also sell non-subject items as well.

Processor is a dealer that purchases fresh and/or frozen fruits and vegetables in interstate or foreign commerce for canning or processing or sells product in interstate or foreign commerce that has not had its kind or character changed (i.e., salad mixes, sliced fruit, vegetables, frozen or packed in ice or consists of cherries in brine, etc.). However, a processor is not subject if the purchasing and processing which changes the kind and character are both accomplished within the State where the produce is grown, even if the processed product is shipped out of the State.

Shipper is a dealer who operates at shipping point and is engaged in the business of purchasing produce from growers or others and distributing such produce in commerce by resale or other methods, or who handles such produce on joint account with others.

Trucker is a dealer that purchases and sells fresh and/or frozen fruits and vegetables in interstate or foreign commerce from its truck not as a retailer.

Retailer is a dealer when it purchases wholesale and jobbing quantities, but is only subject to a PACA license when the invoice cost of all purchases of produce (including frozen potato products such as French fries) exceeds $230,000 during a calendar year. In computing dollar volume, all purchases of fresh and frozen fruits and vegetables are to be counted, without regard to quantity involved in the transaction or whether the transaction was intrastate, interstate or foreign commerce.

Grocery Wholesaler is a dealer primarily engaged in the full-line wholesale distribution and resale of grocery and related nonfood items (such as perishable agricultural commodities, dry groceries, general merchandise, meat, poultry, and seafood, and health and beauty care items) to retailers. This term does not include persons primarily engaged in the wholesale distribution and resale of perishable agricultural commodities rather than other grocery and related nonfood items. Specifically, for an entity to be considered a grocery wholesaler, 50 percent or more of its annual gross sales must be from the full-line distribution and resale of grocery and related nonfood items, and it cannot have more than 50 percent of its sales in perishable agricultural commodities. “Full-line” means that an entity must be supplying the retailer with a wide range of products such as the grocery and related nonfood items specified.

Broker means any person engaged in the business of negotiating sales and purchases of any perishable agricultural commodity in interstate or foreign commerce for or on behalf of the vendor or the purchaser, respectively. The 2000 pound quantity limitations do not apply to brokers. They are subject to PACA licensing with their first interstate or foreign commerce transaction. It is common in the industry to have fresh produce brokers and frozen produce brokers. Frozen produce brokers who negotiate contracts for frozen commodities exclusively for the vendor and the invoice value of the vendor's product does not exceed $230,000 in a calendar year are not subject; however, frozen produce brokers that are negotiating contracts for the buyer are subject no matter the invoice price.

Commission Merchant means any person engaged in the business of receiving in interstate or foreign commerce any perishable agricultural commodity for sale, on commission, or for or on behalf of another. For example, a person who receives a truckload of tomatoes; sells the product for a grower; charges a commission; and remits the net proceeds to the grower. The 2000 pound quantity limitations do not apply.

Grower is a business that grows its own fruits and vegetables and is not required to be licensed. However, a grower can be licensed on a voluntary basis and must comply with the PACA law while licensed.

Growers’ Agent means any person operating at shipping point who sells or distributes produce in commerce for or on behalf of growers or others and whose operation may include the planting, harvesting, grading, packing, and furnishing containers, supplies, or other services. The 2000 pound quantity limitations do not apply, because this type of business is considered a type of commission merchant.

Individually owned or Sole Proprietorship means one person has complete ownership and is fully responsible for all activities.

Corporation is authorized by state law to act as a single entity and is registered with the secretary/ corporation commission of a state. The corporation can have elected officers and directors, an appointed registered agent and shareholders. Shareholders can be individuals, other corporations, LLC, partnerships, etc.

Limited Liability Company or “LLC” is a form of a legal entity where the state law provides for a firm to be treated as a partnership for tax purposes, while receiving the benefits from personal liability usually associated with a corporation. LLC’s are also registered with the secretary/ corporation commission of a state. ***NOTE: LLC’s are required to submit a copy of their Articles of Organization and Written Operating Agreement with the application***

Partnership is a voluntary contract between two or more persons who agree to carry on any business or venture together, upon the terms of mutual participation in its profits and losses, this can be a verbal or written agreement. ***NOTE: Any change in partners will require a new license.***

Limited Partnership is a partnership consisting of one or more general partners, jointly and severally responsible as ordinary partners, and by whom the business is conducted, and one or more special (limited) partners, contributing in cash payments a specific sum as capital, and who are not liable for the debts of the partnership beyond the funds contributed. Limited partnerships are required to be registered with the secretary/corporation commission of a state. ***NOTE: A change in any general partner will require a new license.***

Limited Liability Partnership or “LLP” is a form of a legal entity where the state law provides for a firm to be treated as a partnership for tax purposes, while its individual partners receive protection against personal liability of certain partnership liabilities. LLP’s are also registered with the secretary/corporation commission of a state.

Association is commonly referred to as a Cooperative Marketing Association; a body of persons united and sometimes acting together without a charter in the pursuit of some common enterprise; basically a large partnership, but differs from a partnership in that it is not bound by the acts of individual partners, but only by those of its manager(s) or trustee(s). the ***NOTE: While PACA exempts growers from the licensing requirements, cooperative marketing associations must be licensed, even if the produce being handled is that solely of its members*** .

Trust is a right of property, real or personal, held by one party for the benefit of another; any arrangement whereby property is transferred with intention that it will be administered by a trustee for another’s benefit.

Estate is the property, real or personal, which a person has a right or interest and descends by law to heirs at that person’s death.
