

USDA BILLING POLICY FOR SPECIALTY CROPS AUDIT SERVICES

Effective October 1, 2018, the U.S. Department of Agriculture (USDA), Agricultural Marketing Service (AMS) amended the fee structure for its voluntary Good Agricultural Practices (GAP) audit program. The change was implemented to fully recover the costs associated with administering the USDA GAP Program and to ensure the program continues to meet the needs of our stakeholders.

Under the amended fee structure, if you are audited by a Federal-State cooperator, you will receive two bills for your USDA GAP audit:

1. The first bill will be from the State Department of Agriculture that performed your audit. This bill covers the time and associated travel costs for our trained and licensed Federal-State cooperator to conduct the audit.
2. The second bill will be from USDA. This bill covers the time required for AMS to review, approve, issue certification, and, if requested, post your audit report on the Azzule website. If you chose a USDA Harmonized GAP Plus+ audit, your bill also will include a Global Food Safety Initiative certification fee.

If you are audited by a Federal auditor, you will receive only one bill from USDA for the entire audit.

BILLING ACCOUNT

All **new** USDA GAP participants **must** complete and submit a SC-430 New Vendor Form **before scheduling an audit**. The USDA's National Finance Center, which administers billing for the USDA GAP program, uses the information on the form, including your company's contact and billing information, to set up your billing account.

All **existing** USDA GAP participants **must** complete and submit a SC-430 New Vendor Form **if their account information has changed** (i.e., contact information or mailing address).

The SC-430 form and instructions are posted on the AMS website at: <https://www.ams.usda.gov/resources/sc430>.

You may submit your completed SC-430 form by email (preferred), fax, or mail, using the information listed below.

- a) Email to SCReimbursement@usda.gov
- b) Fax to 866-230-9168
