

Local Agriculture Market Program (LAMP) Grant Program

LAMP's Farmers Market and Local Food Promotion Program (FMLFPP) will receive \$57 million and the Regional Food System Partnerships (RFSP) will receive \$40 million. FMLFPP is implemented through two funding opportunities: the Farmers Market Promotion Program (FMPP) and the Local Food Promotion Program (LFPP). In FY22, LFPP and RFSP received supplemental funds through the American Rescue Plan Act to promote competition and create more and better markets for local and regional food producers by expanding and strengthening farm to institution opportunities.

How to Apply

1 Check Eligibility

2 Registration

3 Review Documents

4 Apply

On April 4, 2022, the federal government, including the USDA, will transition away from using the DUNS Number as its entity identifier. **Before the April 4th transition date, applicants must still obtain a DUNS Number** from <https://fedgov.dnb.com> before registering in SAM.gov: the Unique Entity ID will be assigned at SAM.gov during registration. You can find more information about this transition on the GSA's Entity Identifier Update webpage at <https://www.gsa.gov/entityid>.

Farm to institution focused projects are encouraged to apply! AMS also encourages applications that serve smaller farms and ranches, new and beginning farmers and ranchers, underserved producers, veteran producers, and/or underserved communities. **Apply electronically through www.grants.gov by Monday, May 16, 2022, at 11:59 p.m. ET**
