Important Note: The USDA is continuing to gather and improve its hemp data collection process. At first, the tool may not capture all approved hemp growing locations. Additionally, producers in states that are denoted as “2014 pilot” on this list are NOT required to register their hemp growing locations with the federal government, and thus may not be found on the search tool. If your search does not return any results, please contact USDA before taking legal action. Law enforcement or regulatory officials may verify licensing information with USDA by calling 202-720-2491, or e-mailing farmbill.hemp@usda.gov, Monday-Friday from 9:00-5:00 PM ET.

Log In to HeMP

☐ Log In to HeMP for the First Time

☐ Log In to HeMP
Log In to HeMP for the First Time (1 of 5)

Before starting these steps, you must email USDA at farmbill.hemp@usda.gov to request access to the Law Enforcement Search Tool. In your request, include your name, contact information, and law enforcement department details. After submitting your request, you will need to create and verify a USDA eAuthentication account to access the tool, for steps on creating and verifying an eAuthentication account see this video.

Once your request is approved, USDA will send you an email inviting you to an Account to use the Law Enforcement Search Tool. The following instructions detail the steps to take once you receive that email. **Your eAuthentication account must be created and verified before you can access the search tool.**

1. You should have received an email with the subject “USDA HeMP Account Invitation”. **Open** that email and **click** the “this link” link to access your Account. Note: If you do not have an email invitation, send an Account invitation request to DHPP via email at farmbill.hemp@usda.gov.

2. You will be directed to log into HeMP using your USDA eAuthentication (eAuth) credentials. **Enter** your eAuth username and password, then **click** “Log In with Password” to log in.
3. After logging in, you will receive one of the four following messages.

- **Message 1:** If you see the “Congrats! You are a member of [Account Name]” message below, you have successfully accepted your Account invitation.

  A. After seeing this message, **click** “Continue”.

  ![Image of Congrats message]

  B. **Click** your Account dropdown on the righthand corner of the page.

  C. **Click** “My Profile” from the dropdown.
Log In to HeMP for the First Time (3 of 5)

3. Continued: After logging in, you will receive one of the four following messages.

- Continued: **Message 1**

D. You will be directed to your “Edit My Profile” tab, **click** “Edit Contact Details”.

![Edit My Profile](image)

E. **Review** and **update** your contact details by clicking into any of the fields listed on the page including “Name” and “Contact Information”. Note: You cannot update your email address from the “Edit My Profile” page. Your HeMP Account is linked to your eAuth Account. If you need to update your email address, you will need to do it through your eAuth Account in **Update Account page**.

![Edit My Profile](image)

F. **Click** “Save Changes” at the bottom of “Edit My Profile”. Congratulations, your HeMP Account is now complete. You may now begin using your HeMP Account.
3. Continued: After logging in, you will receive one of the four following messages.

- **Message 2:** If you see the “Uh oh! Your invitation link has expired” message below, your invitation link has expired. **Request a new invitation** by emailing DHPP at farmbill.hemp@usda.gov.

![Uh oh! Your invitation link has expired...](image)

- **Message 3:** If you see the “Uh oh, Your email address doesn’t match” message below, the email address associated with your eAuth Account does not match the email address invited to join the Account. **Request a new invitation** by emailing DHPP at farmbill.hemp@usda.gov.

![Uh oh! Your email address doesn’t match...](image)
3. Continued: After logging in, you will receive one of the four following messages.

- **Message 4:** If you see the “Uh Oh! You are not that kind of user” message below, your email address is being used for another Account type (e.g., you have a Producer Account using the email provided). **You will need to create a second eAuth Account with a different email address to access your Account.** After your new eAuth Account is created, **Request a new invitation** by emailing DHPP at farmbill.hemp@usda.gov.

![Invitation to join an account]

**Uh Oh! You're not that kind of user...**

It looks like your email is already associated with a particular HeMP account type. HeMP does not allow you to use the same email address for multiple account types. If you are associated with more than one account type, you will need to get a second eAuthentication account with a different email address. At that point, you can ask your colleagues to re-send the invitation using the alternate email address. Please reach out to AMS if you have questions or need to request special accommodations. You can contact AMS at (202) 720-2491 or farmbill.hemp@usda.gov.

2. You will be directed to login to HeMP using your USDA eAuthentication (eAuth) credentials. Enter your eAuth username and password, then click “Log In with Password” to log in.
Modify My Profile

Modify Contact Information
1. **Click** your account dropdown on the righthand corner of HeMP.

2. **Click** “My Profile” from the dropdown.

3. Once you are on the “Edit My Profile” page, **click** “Edit Contact Details”.

4. **Review** and **update** your contact details by clicking into any of the fields listed on the page including Name and Contact Information. Note: You cannot update your email address from the “Edit My Profile” page. Your HeMP account is linked to your eAuth account. If you need to update your email address, you will need to do it through your eAuth account in Update Account page.
5. **Click** “Save Changes” at the bottom of “Edit My Profile”.
Use the Law Enforcement Search Tool
The HeMP Law Enforcement Search Tool allows you to search for hemp license information, including details about USDA licensed producers and producers authorized under a State or Tribe. As part of this information, you can also see detailed maps of where hemp is being grown based on available lot data from FSA.

The following steps outline how to access and use the HeMP Law Enforcement Search Tool.

1. **Enter** your search criteria in the field(s). Note: The tool is flexible and allows you to search by one (e.g., Growing State is “California”) or multiple criteria (e.g., Growing State is “California” and Last Name is “Smith”).
2. **Ensure** that you enter the criteria in the correct format to find your exact results. Note: That the search tool does show results even if you do not have the exact, correct information. Below, you can find recommended formatting to help you best use the fields available.

A. **Licensed Entity Name:** Searches the business name, research institution, or individual licensed to grow hemp (e.g., Jane Smith, Cornell University, Hemp Co., etc.)

B. **License Number:** Searches the USDA-issued (e.g., USDA_55_5555) or State/Tribe license number format

C. **EIN:** Searches the EIN format (e.g., 12-3456789)

D. **Email:** Searches the email under the Licensed Entity Name

E. **Phone:** No format requirements. This phone number is associated to the License Entity Name and may contain hyphens, parentheses around the area code, etc.

F. **Growing State:** Searches the full name of the state (e.g., North Dakota)

G. **Growing County:** Searches the full name of the county (e.g., Maricopa, Burleigh, etc.)

H. **Phone:** No format requirements. This phone number is associated to a "contact person" or individual and may contain hyphens, parentheses around the area code, etc.

3. **Click** “Search”. 

![Law Enforcement Search Tool](image)
3. **Click** the associated license number in the search results table to view more information about related key participants and lot(s), if applicable. You will be navigated to the license detail page.

   A. **Click** “View Map” to view the lots associated to the first 100 lots associated with licenses generated with your search results. Note: To see more lots, navigate to the next page of results or adjust your search results.

   B. **Click** the total value box to adjust how many search results display in the search results table. Note: License results are sorted by expiration date (descending).

4. View additional information about related key participants on the license detail page.
5. **Scroll down** the license detail page to view lots associated to the license. Note: The map will display the first 100 lots associated with licenses generated with your search results. To see more lots, navigate to the next page of results or adjust your search results.

   A. **Click** on a lot number to adjust the map and view the one lot.

   B. **Click** “Satellite” to see an aerial, satellite view of the map.

   C. **Drag and drop** the yellow person icon on a street near the lot to see a street view of the map. Street view shows a visual representation of the surrounding area of the lot.

6. If your search does not return any results, please contact USDA before taking legal action. Law enforcement or regulatory officials may verify licensing information with USDA by calling 202-720-2491, or e-mailing farmbill.hemp@usda.gov, Monday-Friday from 9:00-5:00 PM ET.
