Master Solicitation for Commodity Procurements for International Food Assistance Programs

I. GENERAL INFORMATION

This solicitation, called the Master Solicitation for Commodity Procurements – International Programs (MSCP-I or “Master Solicitation”), is used by the U.S. Department of Agriculture (USDA), Agricultural Marketing Service (AMS), Commodity Procurement Program (CPP) to provide contract clauses and solicitation provisions applicable to the solicitation of bids and award of contracts for various commodities used in U.S. Government international food assistance programs, such as Food for Peace, Food for Progress, and the McGovern-Dole Food for Education programs. The Master Solicitation also provides general guidance to potential bidders.

CPP will periodically issue invitations for bids (IFB) under this Master Solicitation, available for viewing on the Web Based Supply Chain Management (WBSCM) public procurement page, and through the *Contract Opportunities* domain on www.sam.gov. Bidding and contract related actions, such as viewing WBSCM Purchase Orders (i.e., contracts) and shipping instructions, providing Advance Shipping Notices (ASN), and receipting of goods are performed in WBSCM.

The Master Solicitation will be updated as necessary to incorporate changes in the Federal Acquisition Regulation (FAR), Agricultural Acquisition Regulations (AGAR), and AMS policies and procedures. Bidders should not assume that a copy of the MSCP-I, once downloaded for a particular IFB will be applicable for subsequent IFBs. The effective date at the top of the Master Solicitation document will govern which version of MSCP-I is applicable to a particular IFB. *Changes to the MSCP-I will be bolded in each version. Prior versions of the MSCP-I will be archived and available on the AMS website.*

Awards will be made following the principles in the FAR and AGAR. The IFB will specify the commodity; delivery periods; quantities; the closing time for receipt of bids; acceptance date, and any solicitation provisions and contract clauses applicable to the proposed procurement which are in addition to, or different from, those contained in the Master Solicitation. The full texts of the applicable FAR provisions and clauses incorporated into the contract can be found at <https://www.acquisition.gov/browse/index/far>.

Commodities purchased by AMS must be a product of the United States (*see clause 4A52.225-70, U.S. Origin Product*). Specifications and program requirements are further defined in the appropriate commodity specification and/or supplement and are incorporated herein.

Offerors are advised to carefully read this Master Solicitation, the applicable IFB, and the applicable commodity requirements document to understand the invitation, evaluation, and award process for CPP commodity acquisitions for international food assistance programs. Failure to do so will be at the offeror’s risk. These documents are incorporated into the contract. Offerors are cautioned that statements made by Government personnel other than the Contracting Officer are not binding on the Government unless confirmed in writing by the Contracting Officer. **Inquiries and all correspondence concerning this solicitation should be submitted in writing to the Contracting Officer. Offerors should contact only the Contracting Officer issuing the solicitation about any aspect of this requirement prior to contract award.**

To be eligible to submit a bid, a company must be approved by the Contracting Officer as meeting vendor qualification requirements. For information regarding how to become a qualified bidder, visit the [vendor qualification webpage](#), or contact the Contracting Officer.

**This version of the Master Solicitation incorporates
FAR provisions and clauses in effect through FAC 2025-05**

II. CONTRACT CLAUSES

52.209-1 Qualification Requirements (Feb 1995)

- (a) *Definition. Qualification requirement* as used in this clause, means a Government requirement for testing or other quality assurance demonstration that must be completed before award.
- (b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item under this contract or simply a component of an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

Name: USDA, AMS, Commodity Procurement Programs
email Address: NewVendor@usda.gov

For information regarding how to become a qualified bidder, visit the [vendor qualification webpage](#), or contact the Contracting Officer.

- (c) If an offeror, manufacturer, source, product or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.
 - Offeror's Name:
 - Manufacturer's Name:
 - Source's Name:
 - Item Name:
 - Service Identification:
 - Test Number: *(to the extent known)*
- (d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

- (e) If an offeror, manufacturer, source, product or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract shall not be delayed to permit an offeror to submit evidence of qualification.
- (f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously qualified manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

(End of clause)

452.211-74 Delivery Instructions – Commodity Procurement (Sep 2025)

The Government will issue electronic purchase orders in WBSCM and notify the contractor via email. The contractor must ensure it can receive emails during the contract and maintain an accurate email address on file. The Government is not responsible for email receipt failures due to contractor equipment or software issues. The Government reserves the right to also issue Purchase Orders by alternative methods, including fax or regular mail.

(End of clause)

The NOR must be presented during business hours (0900-1600 local time, Monday to Friday, and

0900-1200 Saturday, excluding federal holidays or a holiday listed on the elevator tariff).

The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights-

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) **Definitions.*** The clause at FAR [52.202-1](#), Definitions, is incorporated herein by reference.

(f) **Excusable delays.*** The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(2) *Acceptance.* Formal acceptance shall occur when the Government approves the invoice for payment. However, the Government reserves the right to reject, in total or in part, manufacturers lots, sub-lots, production dates or the like when non-conforming product is identified.

(c) **Changes** – 52.212-4 Addendum.

The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:

- (1) Method of shipment or packing.
- (2) Place of delivery.
- (3) Time of delivery.

If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract, unless the contract terms provide for regional delivery pricing that covers cost adjustments. The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract. If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

(h) For frozen products, if the load is rejected by the receiver, the Contractor shall return the load to its plant or with Contracting Officer approval, arrange for another complete inspection which will include: (1) inspecting and certifying the product for quality assurance; and (2) COC, checkloading, sealing, and issuing a Certificate of Loading. The new seal number must be recorded, and a new certificate for condition of container must be issued and presented to the receiver. The Contractor is responsible for all costs (freight, re-inspection fees, etc.) associated with the rejected loads.

- (b) Contractor must forward original Mate's Receipt to the Government's representative within 48 hours after completion of vessel loading.
- (c) If multiple contracts are awarded on an IFB to the same contractor who has designated the same loading berth, the contractor shall complete loading in one continuous berthing. Such actual damages may include, but are not limited to, the cost of demurrage, inter-port vessel relocation, vessel discharge costs, reprocurement costs, and claims by carriers for damages resulting from delays in loading resulting from the commodity not being available for loading, or for delays or slowness of the vessel loading.

(c) *Procedures.*

(1) The Offeror shall search for the phrase “FASCSA order” in the System for Award Management (SAM)(<https://www.sam.gov>) for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (b)(1) of FAR [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition.

(d) *Representation.* By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (e).

4A52.209-70 Past Performance with Regard to Offeror's Present Responsibility (June 2021)

Bidders are cautioned NOT to BID on quantities in excess of what they can reasonably expect to timely deliver in accordance with the contract.

(a) The offeror must certify to timely performance on current contracts and subcontracts in the attribute questions of the IFB in WBSCM. The offeror shall notify the Contracting Officer of late deliveries prior to submission of bids. The Contracting Officer will determine if late performance is beyond the control or negligence of the offeror prior to the bid closing date of the IFB. A false certification may result in rejection of the offer, suspension and debarment by USDA, termination of the contract, liability for damages under the provisions of this Master Solicitation, other administrative actions, or criminal prosecution

(b) The Contracting Officer may deem the offeror non-responsible and ineligible to participate in an IFB if the offeror or any of their affiliates or subcontractors is delivering late and the late deliveries are not due to causes beyond the offeror's control or negligence.

(c) Offerors with deficient past performance may be put on a probationary period, limiting the quantity awarded on a solicitation.

(d) Past performance will be considered during the Contracting Officer's responsibility determination using the Contractor's performance for the last three (3) years prior to bid opening of the IFB.

Offers may be submitted on the [SF 1449](#), letterhead stationary, or as otherwise specified in the solicitation. As a minimum, offers must show -

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;

Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.** The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government

reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(j) *Unique entity identifier.* (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR [subpart 32.11](#)) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an

offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.
