 - Pigs are Source Assured®

Official Listing of Approved USDA Process Verified Programs

Instituto Nacional de Carnes (INAC) – Points Verified

Certified Natural Meat Program of Uruguay (CNMPU):

- **Source Verified.** All animals and products can be fully traced from ranch to harvest, fabrication and packaging. Identification of animals is by means of individual plastic ear tags.
- **No added hormones.** No growth hormones of any kind or equivalent growth promotants have ever been administered to the animals. These are prohibited in the country by national law since 1984.
- **Not fed antibiotics.** No sub-therapeutic antibiotics have been fed or administered as a supplement in feed or water for the purpose of growth promotion.
- **No animal proteins in feed.** The animals have never been fed proteins of animal origin except maternal milk. The use of animal proteins in feed is prohibited in the country by national law since 1996.
- **Open Range - Animals never confined.** Animals have been raised in the open range all year and have never been confined.
- **Grass fed.** All animals in the program have been grown, raised and fattened on a grass (forage) diet.
- **INAC Never Ever 3** (no antibiotics, no growth promotants, and no animal by-products).
- **80% Grass Fed/20% Grain Fed.** Cattle must receive a diet which ensures a minimum of 80% coming from direct pasture harvest or other roughage sources during all their lifetime.

Ozark Mountain Poultry, Inc. – Points Verified

- **Raised with No Antibiotics Ever** – Requires no use of any antibiotics in feed, water, antibiotics in Ovo/or Ionophores in feed.
- **Fed an All Vegetable Diet** – Requires no use of any animal by products including, but not limited to: animal fats and shortenings, blood meal, feather meal, poultry by products, meat and bone meal, bakery meal, and in certain cases dried distillers grains.
- **Cage Free** – Broilers are allowed to roam in the barns, not confined to cages.
- **Raised with Non-GMO/Non-GE Grains all terms aka Non-GMO** – Feeds are produced from grains (Corn and Soy) that are verified per Ozark Mountain Poultry protocol to be Non-GMO/Non-GE from the time and point of delivery through the milling process to the point of mixing and then segregated through the remainder of the process to ensure the identity is maintained through to the finished packaged poultry products.

Official Listing of Approved USDA Process Verified Programs
