

Official Listing of USDA and USDA-Approved Laboratories
 Laboratory Approval Program for Analysis of Aflatoxins
 (Last Revised September 17, 2020)

Almonds, peanuts, and pistachios are to be analyzed for aflatoxins by a USDA (AMS) or USDA (AMS)-approved laboratories. The participants listed below have been evaluated by the United States Department of Agriculture (USDA), Agricultural Marketing Service (AMS), and have been found to be in conformance with the requirements of USDA, AMS Laboratory Approval Program for Analysis of Aflatoxins (LAP-Aflatoxins). The LAP-Aflatoxins is to ensure participant laboratories perform validated analysis of aflatoxins in almonds, peanuts, and pistachios.
