

PATCH # 013

DOCUMENT: Fresh Electronic Inspection Reporting/Resource System (FEIRS) electronic programs revision

REMARKS: Greenhouse Tomatoes automatically reporting color in FEIRS

The FEIRS module for Greenhouse Tomatoes automatically reports color. Color is not to be reported for Greenhouse Tomatoes unless it is requested by the applicant. To address this issue, follow the guidance below until FEIRS reprogramming can correct the module.

Before the completion of an inspection for Greenhouse Tomatoes on a FEIRS FV-E300 when the color was not requested to be reported by the applicant go to the "LOT SUMMARY" tab and uncheck the "COLOR" box under "LOT DESCRIPTION."

This PATCH represents official guidance. This PATCH is scheduled to be incorporated into the document listed above. After incorporation into the document listed above this PATCH will become obsolete. USDA is an equal opportunity provider, employer, and lender.

Explain the change as “To remove color statement” and click “OK.”
