<th>Payment Details Report - Vendors</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Purpose</strong></td>
<td>This report provides information on the disbursement of payments to vendors by USDA. Vendors can run this report to see the disbursement details in order to apply a payment. This report is available to all Business Partners that are defined as a vendor entity in WBSCM and have payments made to them. Additionally, Freight Agency users will have access to payment data for those payments they are partners with.</td>

</tbody>
</table>

**Report Selection Screen**

Enter a **Payment Date** or a range of dates.

**Note:** Users must limit date ranges to within 30 calendar days when performing searches for a range of Payment Dates. When all criteria have been entered, click **Submit** (the Submit button) to generate results.
Note: To view additional fields (columns), use the horizontal scrollbar; to view additional records (rows), use the vertical scrollbar. The default View (Standard View) includes the following fields:

### Column Fields 1-4
- Purchase Order
- PO Item Number
- Invoice Number
- Treasury Disbursement Date
- Assignee Name
- Business Partner

### Column Fields 5-8
- PO Item Number
- Total Payment Amount
- Treasury Disbursement ID
- Vendor Name

### Column Fields 9-12
- Invoice Number
- Prompt Pay Interest
- Vendor Reference

To modify the report output, use (the Open Settings Dialog icon). Available options are to create custom view, sort fields, add calculations, apply filters, and other display options. The user can save the layout for running the report in the future.

Click (the Export button) to export the report to Microsoft Excel.

Click (the Back arrow) to return to the search criteria screen.

To select a different View, click (the View: dropdown arrow).
