**INSTRUCTIONS FOR COMPLETING FORM RAC-50 CO**

On the top half of the form, report in pounds all inventory of organically produced natural condition raisins on hand as of the requested date by location and varietal type.

- a. Review your purchases and sales of organic raisins with other handlers and ensure an inter-handler transfer (form RAC-6 CO) was filed with the RAC. If an RAC-6 CO was not filed, the transferring handler's inventory will appear to be understated and the receiving packer's inventory will appear to be overstated.

On the bottom half of the form, report processed raisins held locally and those held in other warehouses by location and variety.

- a. Do not report:
  1. Warehoused raisins already reported as shipments on the RAC-20 CO.
  2. Packed raisins purchased from a broker. You will not report these as a shipment for RAC-20 CO purposes as another packer has already done so.
- b. Check your shipment reports.
  1. Ensure raisins processed and shipped by you for another packer were not reported by you as a shipment.
  2. Ensure your shipment reports have been appropriately adjusted for packed raisins purchased from a broker. These have already been reported by another packer as a shipment.

This report is required by law (7 U.S.C. 608d, 7 CFR 989.73, 7 CFR 989.173(f)(1)). Failure to report can result in a fine of \$3,501 for each such violation, and each day during which such violation continues shall be deemed a separate violation.
