Taiwan	DFS	United States		AMS does not issue Disease Free Statements for Taiwan due to the established agreement. Processors must contact the local APHIS office for the Disease Free Statement. Click here to visit the APHIS IREGS page for Taiwan.
		As part of a special project implemented by Taiwan's Bureau of Animal and Plant Health Inspection & Quarantine (BAPHIQ), Statewide restrictions on shell egg shipments to Taiwan have been temporarily reduced to the individual premises level, effective until December 31, 2023. Any facility that has been free of Highly Pathogenic Avian Influenza, the subtypes H5 and H7 of Low Pathogenic Avian Influenza, or Newcastle disease for at least 28 days prior to shipment are eligible to export to Taiwan through December 31, 2023. Due to confidentiality requirements, ineligible facilities cannot be publicly reported. AMS will only issue LP-210S certificates to eligible facilities.
