II. General Description

The Farm Service Agency procures staple foods for use in various international food aid programs administered by the U.S. Agency for International Development (USAID) and USDA’s Foreign Agricultural Service (FAS). The food is purchased in bulk and packaged form and transported overseas by ocean carriers to discharge ports or foreign inland destinations for delivery to Non-Governmental Organizations (NGO), Private Voluntary Organizations (PVO), or foreign governments. Given the inherent nature of transporting bulk and packaged food long distances by sea and overland in foreign nations, there is a potential for loss or damage. To address this risk, the Government is seeking to hire marine cargo survey companies to attend at discharge locations and, if applicable, customs and final delivery locations in order to witness and examine cargoes, document the count and condition of these food aid shipments and activities related to disposition, and provide a written report. The survey reports issued by the Contractors will be used by the Government to fix responsibility for loss and damage to the food aid. The Statement of Work under Section IV.A. provides the Government’s requirements.

Under certain circumstances, DACO may require that ancillary services be performed. Examples of such services include sampling of damaged commodities and providing analysis of suspected unfit cargoes.

Pursuant to FAR 15.306(a)(3), the government intends to evaluate proposals and make award without discussions. However, the Government reserves the right to hold discussions, if necessary.

Provisions and clauses in effect through FAC 2005-68 are incorporated into this RFP, as applicable.

III. Contract Clauses

A. FAR 52.212-4 Contract Terms and Conditions—Commercial Items (Jun 2013)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C.3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the
clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include --

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, contract line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.
(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) Prompt Payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR Part 1315.

(3) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

   (i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

      (A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

      (B) Affected contract number and delivery order number, if applicable;

      (C) Affected contract line item or subline item, if applicable; and

      (D) Contractor point of contact.

   (ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

   (i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period at fixed by the Secretary until the amount is paid.

   (ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.
(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government’s convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of
the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor’s records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) **Termination for cause.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) **Title.** Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) **Warranty.** The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) **Limitation of liability.** Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) **Other compliances.** The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(s) **Order of precedence.** Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

1. The schedule of supplies/services.
2. The Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause.
3. The clause at 52.212-5.
4. Addenda to this solicitation or contract, including any license agreements for computer software.
5. Solicitation provisions if this is a solicitation.
6. Other paragraphs of this clause.
7. The Standard Form 1449.
8. Other documents, exhibits, and attachments.
(9) The specification.

(i) Central Contractor Registration (CCR).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government’s reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, “doing business as” name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day’s written notification of its intention to:

(A) Change the name in the CCR database;

(B) Comply with the requirements of Subpart 42.12 of the FAR;

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (i)(2)(i) of this clause, or fails to perform the agreement at paragraph (i)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor’s CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the “Suspension of Payment” paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via CCR accessed through https://www.acquisition.gov or by calling 1-888-227-2423, or 269-961-5757.

(u) Unauthorized Obligations. (1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:
(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iv) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(3) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(End of Clause)

delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may
be issued from October 1, 2013 through contract expiration date.
(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The contract shall govern the Contractor’s and Government’s rights and obligations with respect to that order to the same extent as if the order were completed during the contract’s effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 60 days after the through date in clause 452.211-74.

FAR 52.217-9 Option to Extend the Term of the Contract (Mar 2000)

The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five (5) years.

(End of clause)

disposition, and provide a written report. In general, we are seeking an experienced survey firm
with a proven performance record conducting like work.

2. Government Contact Information
Upon contract award the Contractor will be advised of the individual serving as the COTR for
the contract and the individual serving as COTR for report and invoice submission, including
applicable phone numbers and E-mail addresses.

3. Availability and Notification
The Contractor shall be available on 48 hour notice of the shipments. Attendance may be

c. The task order will be issued to the survey contract holder on the basis of where the survey
work ends. Shipments for which title transfers at the discharge port will be awarded on the
discharge port country survey contract, if one exists. Those shipments considered by USDA
to be on a through bill of lading requiring attendance at both the discharge port and inland
location(s) will be awarded on the survey country contract of the inland location.

5. Conveyances
Bulk cargoes will be typically shipped in bulk and tanker vessels; packaged cargoes in bulk or
breakbulk vessels, lash barges, or in containers. Cargoes will be shipped port-to-port or on

o for containerized shipments, at any customs locations outside of port areas where the
containers are opened.
2. The table below lists the countries for which the Government intends to award indefinite delivery requirements contracts. A separate contract will be awarded for each country, with only one contract holder per country. Offerors may submit proposals for more than one country; however, each country offer shall be submitted as a separate proposal, i.e., technical and price proposal specific for each country offer. V. Solicitation Provisions

A. FAR 52.212-1 Instructions to Offerors—Commercial Items (Feb 2012)

A.1. Addenda to FAR 52.212-1

1. Addendum to paragraph (b) Submission of offers.

Submission of offers is revised to remove “Offers may be submitted on the SF 1449.” The SF 1449 is not being used for this streamlined solicitation. Offerors should submit their signed and dated offers using company letterhead.

Paragraph (b) is further amended to update items (1) through (11), outlining required components of the offer. As a minimum, the following replacement items must be included in the offeror’s proposal package –

(1) The offer must be submitted on company letterhead and identify the company name, address, and telephone number, as well as the e-mail address of the person submitting the offer for contact purposes.

(2) It must identify both the solicitation number and the country.

(3) All technical factors outlined in Section V.B. FAR 52.212-2 Evaluation-Commercial Items, below, shall be addressed in sufficient detail to evaluate compliance with the requirements in the solicitation.

Separate rate sheets may be submitted if the prices vary by option year, as long as the years the prices are effective are clearly marked. For firm-fixed-price contracts, any proposal with prices that include variable, unspecified costs may result in the proposal as being considered non-responsive.

(5) Any solicitation amendments must be acknowledged.

(6) A statement must be submitted, certifying that the offeror has the capability to utilize standard digital photography to document any issues which might be raised.

(7) The offeror must submit a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(8) A completed copy of the representations and certifications at FAR 52.212-3 must be submitted. These can be submitted electronically in www.acquisition.gov OR by completing the pages found at the end of this solicitation in Section V.C. B. FAR 52.212-2 Evaluation-Commercial Items. (Jan 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following technical factors shall be used to evaluate offers:

1. **Staffing.** The Government will evaluate proposals on the basis of a firm’s staffing to be deployed to cover all anticipated locations in the particular country(ies) or regions given the potential for simultaneous attendance at multiple port and inland locations. If the survey work is to be performed by an affiliated company or subcontractor, the name of that company should be provided.

2. **Experience.** This technical factor will be evaluated on the basis of the experience level of the surveyors performing the work in the pertinent country. Information on the key parties, including years of experience and type of work experience should be included. Experience of any management staff coordinating the operations should also be included in the proposal.
3. **Customer Service.** This factor will be evaluated on the basis of the firm’s internal management oversight of all aspects of the survey process and its communication framework. The proposal can include an overview on how the offeror will handle topics such as timely submission of accurate/complete survey reports, open communication lines with all other parties involved in the survey operation, responsiveness to inquiries, and proactive behavior.

4. **Sample Survey Report.** One (1) sample survey report shall be submitted. The sample should be relevant for the type work being solicited. The Government will review the report for content, clarity of reporting, and accuracy of figures. It is recognized that a report performed for a third party will not necessarily contain all the components listed in the Deliverables and Required Service sections listed above, but should reflect an understanding of the key factors.

5. **Past Performance.** The Government shall evaluate proposals on the basis of customer satisfaction on past (within the last three years) or current Government or commercial contracts similar to this Government requirement. Offerors are allowed to submit information on a maximum of five contracts. Offerors shall provide the following information in its proposal:
   1. Contract number
   2. Date of contract
   3. Customer name
   4. Point of contact (name and current phone number)

   In rating an offeror's past performance, information in the offeror's proposal will be considered along with information obtained from other sources, such as USDA. The Government reserves the right to contact any and all references to assess the offeror's performance and relative capability related to customer satisfaction, timeliness of performance, and commitment to customer satisfaction. If there is no information on past contract performance of an offeror or past contract performance is not available, the offeror will not be evaluated favorably or unfavorably on this factor, and past performance will be rated as neutral.

(b) The Government is concerned with obtaining superior technical ability rather than making an award to the lowest cost or price in awarding these contracts. Therefore, each of the above factors (Staffing, Experience, Customer Service, Sample Report, and Past Performance) will be given equal weight in the evaluation process, and all, when combined, are significantly more important than price.

(c) **Option Years.** The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement, then dividing to obtain an average rate. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(d) The Government may reject any or all proposals, if such action is in the Government’s best interest, and may waive information and minor irregularities in proposals received.

(e) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offeror’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) o Are, o are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) o Have, o have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) o Are, o are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
(4) o Have, o have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,000 for which the liability remains unsatisfied.

   (i) Taxes are considered delinquent if both of the following criteria apply:
   
   (A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
   
   (B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

   (ii) Examples.

   (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
   
   (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
   
   (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
   
   (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

   (i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).

   [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly—

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and
